

## SQUARE POLE 30

E27, outdoor floor stand, stainless steel 304, max. 20-W, IP44

The floor stands of the SQUARE series, which are available in three heights, consist of stainless steel 304 and an opalescent acrylic cube containing the lamp. It is suitable for use outdoors thanks to its IP44 protection class. The electrical connection is made directly to the 230V mains supply. The SQUARE series also includes ceiling and wall lights and can therefore be used universally. For simplified mounting, an earth spike and concrete anchor set are optionally available.
