

ESKINA FRAME 75 FL

Outdoor LED free-standing light single anthracite CCT switch 3000/4000 K

An all-round successful design with an elegant rectangular aluminium frame: the popular outdoor lights of the ESKINA family now offer even greater scope for application in the FRAME design alternative. The anthracite-coloured ESKINA FRAME makes a stylish impression in any outdoor area. The pivoting light heads ensure flexible light emission. Thanks to a high IP protection rating, ESKINA is perfectly protected from the elements. In addition, the light colour (3000/4000 K) can be selected using the CCT switch before installation. This means that easy installation is a mere formality.
