

M-POL 60 Pole

Bollard, anthracite, 53.4cm

DALI-compatible for professional outdoor projects: the aluminium M-POL 60 Pole can be controlled via the digital interface and is designed to be highly modular. Variable lamp heads and diffusers ensure a wide range of applications. The colour temperature (2700/3000K) can be selected via the CCT switch before installation. Thanks to its IP65 protection class rating, the anthracite bollard light is ideally protected against penetration by dirt or moisture. With an impact rating of IK10, it can also withstand significant shocks. Installation via the connection box is totally straightforward.

TECHNICAL DATA

Item no.	1006380
Color	matt anthracite
Height	53.4 cm
Diameter	12.4 cm
Net weight	2.11 kg
Gross weight	2.738 kg
BIG WHITE Page	614
