

LED Rusika Soft Cage

LED bulb, E27, PHASE, 6W, 2200K

The LED Rusika Soft Cage combines the classic Edison shape with the latest LED flexfilament technology and gives classic luminaires a special aesthetic appeal. This LED lamp is particularly suitable for voluminous shade shapes and luminaires with lateral light emission. The flexible LED filaments look deceptively similar to real filaments and produce a warm, glare-free light that is ideal for decorative lighting purposes. Available in various traditional shapes, the Soft Rusika Cage in clear glass is fully dimmable and gives classic luminaires a modern touch.
