

BATTEN FLAT P

remote control PIR sensor

BATTEN FLAT P - the robust IP44 solution for multi-storey car parks, corridors/hallways or plant rooms. The multi-lumen and multi-CCT function (3,000/4,000/5,000 K) allows the light output to be flexibly adjusted. Variants with DALI2 control or integrated HF motion sensor automatically activate the light only when there is movement, thus enabling energy-saving, intelligent operation. The end caps, which can be opened without tools, simplify maintenance and installation.

TECHNICAL DATA

Item no.	1011005
Length	5.2 cm
Width	8.5 cm
Height	0.6 cm
Net weight	0.025 kg
Gross weight	0.025 kg
