

LEDSTRIP HUB | 4 PLUGS

LED STRIP HUB, 4 CONNECTIONS

The HUB 4 PLUGS distributor from the LEDSTRIP product line is designed for use in electrical installations where multiple connections need to be centrally consolidated. With compact dimensions of 5.70 cm in length, 3.07 cm in width, and a height of only 0.91 cm, the device is suitable for space-saving installations. The housing is designed for indoor use and offers an IP20 protection rating, providing protection against contact and solid foreign objects, but not against moisture. The distributor enables safe and tidy distribution of electrical connections in installation environments without special requirements for protection against moisture or dust.

Item no.	1012329
Lamps included	No
