

LEDSTRIP PROFILE CORNER | M

LED STRIP PROFILE SQUARE, M, black

The LED strip corner profile M is a mounting profile specifically designed for the installation of LED strips in corners. It is suitable for indoor use to securely and neatly fix LED strips, ensuring uniform illumination. The profile is made of aluminium and features a polycarbonate (PC) cover that protects the LED strip and optimally diffuses the light. With a length of 200 cm and a width and height of 3 cm each, the profile can be flexibly used in various room configurations. This product offers a stable and durable solution for integrating LED lighting into corners and contributes to professional lighting design.
