

LEDSTRIP PROFILE RECESSED | M

LED STRIP PROFILE RECESSED, M, white

The LED strip recessed profile M is a rectangular recessed profile specifically designed for the installation of LED strips. It is suitable for installation in various indoor applications where a discreet and neat integration of LED lighting is desired. The profile is made of aluminium and features a polycarbonate (PC) cover that protects the LED strip and supports uniform light distribution. With a length of 200 cm, a width of 3 cm, and a height of 1.14 cm, the profile offers flexible application options for designing light lines. Installation is carried out via a rectangular cut-out, allowing for easy and secure mounting.

Item no.	1012347
Lamps included	No
Color	white
Length	200 cm
