

LEDSTRIP PROFILE RECESSED TILES | XS

LED STRIP PROFILE RECESSED, tile, XS

The LEDSTRIP Profile Recessed Tile XS is a recessed profile designed for the integration of LED strips in various installation situations. It is particularly suitable for indoor use where discreet and flush mounting is desired. The profile is made of aluminium and features a polycarbonate diffuser that ensures even light distribution. With a length of 200 cm, a width of 5.25 cm, and a height of 13.3 cm, it offers compact dimensions for flexible installation options. The profile is part of the LEDSTRIP PROFILE product line and enables professional installation of LED lighting solutions in residential or commercial spaces.
