LEDSTRIP DIFFUSER OPALE | M

LED STRIP DIFFUSER, opal, M

The cover of the type LEDSTRIP DIFFUSOR is designed for use with LED strips and serves to diffuse light and reduce glare. It is suitable for installation indoors, for example in furniture or luminaire housings, to ensure uniform light distribution. The product consists of an opal polycarbonate housing and measures 200 cm in length, 2.14 cm in width, and 0.55 cm in height. The flat design allows for discreet integration. The cover is typically placed on or clipped onto LED strips to protect them and soften the light.

Item no.	1012548
Lamps included	No
