

LEDSTRIP END CAPS PLASTER | XS

LED STRIP END CAPS, Plaster, XS

End caps made of polycarbonate for LED strips, specially suitable for flush mounting. The compact dimensions allow for a discreet finishing solution when installing LED strips. The end caps protect the LED strips and ensure a clean, visually appealing edge. With a height of 1.39 cm, a width of 1.31 cm, and a depth of 0.7 cm, they are designed for use in tight installation situations. The mounting is done directly on the flush surface, ensuring a stable fixation.
