

LEDSTRIP END CAPS SURFACE | S

LED STRIP END CAPS, SURFACE-MOUNTED, S, black

End caps made of polycarbonate for LED strips, designed for surface mounting. This component serves to provide a neat termination of LED strips and is particularly suitable for applications requiring secure fastening and a visually appealing finish. The end caps feature compact dimensions and are available in black. Thanks to the robust plastic housing, they offer protection and stability at the ends of LED strip installations. Installation is simple by snapping on, ensuring a quick and secure fit.
