

LEDSTRIP END CAPS SURFACE | S

LED STRIP END CAPS, SURFACE-MOUNTED, S, white

End caps for LED strips, suitable for surface mounting. These end caps are made of polycarbonate and serve to provide a neat finish for LED strip installations. With compact dimensions of 1.33 cm width, 0.68 cm depth, and 1.54 cm height, they allow for discreet integration in various installation situations. The design is engineered for easy mounting and offers secure attachment to the LED strip without affecting electrical or optical properties. These end caps are part of the product line „LEDSTRIP END CAPS“ and are typically used by professional wholesalers and installers for professional applications.
