

LEDSTRIP END CAPS SURFACE FLAT | S

LED STRIP END CAPS, SURFACE-MOUNTED FLAT, S, black

End caps for LED strips, designed in a flat construction and in black colour. These components serve to provide a neat and secure end closure for LED strip profiles and are typically used in the installation of LED lighting systems indoors. The end caps are made of polycarbonate, a robust plastic material, and feature compact dimensions of approximately 1.7 cm width, 0.91 cm height, and 0.68 cm depth. They are easy to install and ensure a tidy finish of the LED profiles without affecting functionality.

Item no.	1012560
Lamps included	No
Color	black
Width	1.7 cm
