

LEDSTRIP END CAPS SURFACE FLAT | S

LED STRIP END CAPS, SURFACE-MOUNTED FLAT, S, white

End caps for LED strips, designed as a flat surface-mounted version in white. They serve to provide a neat and secure end protection for LED strip installations, typically used indoors. The end caps are made of polycarbonate, a robust plastic material, and are compact with dimensions of approximately 1.7 cm width, 0.91 cm height, and 0.68 cm depth. These components allow for easy installation and protect the LED strips from mechanical impacts at the ends.
