

LEDSTRIP END CAPS RECESSED | M

LED STRIP END CAPS, RECESSED, M, black

End caps for installation in LED strips, designed in size M. They are intended for final assembly on LED light strips and serve to protect and neatly cover the strip ends. The housing is made of polycarbonate, a robust plastic material. The dimensions are approximately 2.99 cm in width, 1.30 cm in depth, and 1.10 cm in height. The end caps are black and suitable for installation in corresponding LED profiles to ensure a tidy and functional finishing solution.
