

THEO

outdoor wall light, QPAR51, IP44, square, up/down, silver-grey, max. 70W

This wall light from the THEO range is made from aluminium and glass, which covers the light bulb. Thanks to the position of the two integrated fittings, the mounted light creates two identical but opposing light cones (UP/-DOWN). Thanks to its IP44 rating, it is suitable for outdoor use. The light is available in a choice of three colours and can be connected to the 230 V mains power supply. The THEO range also includes ceiling lights and so can be used anywhere.
