

NIFT

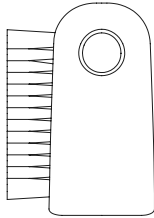

Nift are charming and functional small brushes for everyday use. The brushes have oak handles and use natural bristles in a playful organic style that oozes personality. The largest Nift brush has soft bristles and is ideal as a clothes brush or for dry brushing your body. The medium-sized Nift brush has hard bristles and is perfect in the kitchen for cleaning root vegetables or as a shoe brush. The smallest Nift brush, with its soft bristles, can be used for careful cleaning of mushrooms or cleaning keyboards and other small items around the home.
