

Fast, affordable funding is finally here

Grow your business with working capital that works for you. Priority Capital powered by Pipe connects you with the capital you need in just a few clicks, so you can stay focused on your business and serving your customers.

- ✓ **Low-cost capital:** Affordable capital with one flat fee paid over time and no additional fees or interest, even if it takes longer to pay back.
- ✓ **Hassle-free & fast:** You can receive a capital offer based on your businesses performance, so there are no credit checks, personal collateral, or restrictive covenants.
- ✓ **Flexible and friendly:** Payments align with your business's sales cycle, offering a truly flexible solution.
- ✓ **Automatic offers:** Once you're onboarded, we continually review your business for new offers to ensure your business has capital available when it needs it.

READY TO GET STARTED?

Fast, affordable funding is a few clicks away

Completing your application simply gives you the option to access capital when you need it. Unlock your offer now in a couple simple steps.

1

Request: Choose the capital amount that suits your business. You can access any remaining funds while the offer is active.

2

Get paid: Submit some basic details & link the business bank account funds should be deposited into. Once verified, your money will be on the way!

Based on your business performance, you'll automatically receive additional funding offers as you qualify, so you have reliable access to capital as you grow.

Whether you're planning for tomorrow or budgeting for today, with Priority Capital you can easily access the affordable funding you need to run your business on your terms. Just click, connect, and get back to work. It's that simple.
