

UT KANGRI TREK

Duration: 09/10 Days

Level: High

UT Kangri Elevation is (6070m (19,914 ft)) is the highest mountain in the Rumste Phu Range of the Zankar Mountains a Trans-Himalayan mountain in the Ladakh. The UT peak is located in Rumste Phu which is 09 km far from the village of Rumtse. It's 75 km distance of the main city of Leh to Rumtse, Ladakh.

The peak was explored by some local mountaineers group from Ladakh Call LMGGA. They also successfully scaled the height of UT Ladakh Kangri Peak at 6070m. There are many peaks around this ranges but UT kangri is the best for those who are new to mountaineering and planning to do 6000m peak at the beginning. Stunning views from top of the peaks. You will get the beautiful view of different ranges of mountains peaks like Stok Kangri, Kang-Yatse and Markha Valley
