COMPLETE HARDWARE ASSEMBLY SOLUTION

THREAD PATCH / LYLOCK SOLUTION

Thread Patch and Adhesive Lylock Solutions include specialized locking technologies applied to fastener threads to prevent loosening caused by vibration and dynamic loads. These pre-applied coatings provide **reliable thread locking, sealing, and reusability** for secure fastening in automotive, electronics, and industrial applications.

AVAILABLE SIZE

INCH	MILLIMETER	
#4	M3	M3.5
#6	M4	M5
#8	M5	M6
#10	M6	M8
#12	M6	M8
1/4"	M6	M10

Key Features:

- ✓ Prevents loosening from vibration
- ✓ Pre-applied locking adhesive on threads
- ✓ Provides sealing and thread locking
- ✓ Suitable for repeated assembly and disassembly
- ✓ Ideal for automotive and industrial fastening systems.
