Please find the **DJ SIBONEY Wedding Packages** and additional live music add-on options below. Most common scenarios are covered here; but all these packages are easily customisable, so if you have something else in mind for your special day, then please don't hesitate to get in touch to discuss your options and ideas

Already an accomplished professional vocalist/performer, Siboney turned to DJ-ing whilst living in London, UK. Mentored early on by DJ Ollie Rant (London Sound Academy) and DJ Dan Grey (Ministry of Sound), DJ Siboney pulls upon her vast international performance expertise, and unbridled passion for tracks that get people moving on the dance floor to deliver an explosive DJ experience. With an extensive repertoire and musical sensibility, DJ Siboney draws on everything from Party, Pop, Rock, Hip-Hop, Soul, Classics, RnB and Club music to create undeniable party vibes and atmosphere.

RECEPTION PACKAGE

DJ Siboney will have the music covered for your entire reception. Including:

- DJing for your full reception (including party/dance floor music, and background/vibe/dinner music)
- Management and curation of any music outside of DJ performance times
- All equipment including full (and powerful 4600w) PA, Party and Stage Lighting, Pioneer DJ decks, Mixing Desk etc
- Microphone for speeches, (and help with running of the speeches and liaising with the MC to help your event run smoothly)

Siboney also works as the lead vocalist of the versatile duo "Siboney+Andy", and offers live music add-ons to her DJ packages:

LIVE MUSIC DURING CEREMONY

Acoustic live music featuring guitar and vocals, this is a beautiful way to put a unique touch on your special day. Siboney + Andy perform your special song requests for:

- Walking down the aisle (Processional)
- Signing of the register
- Wedding Ceremony exit (Recessional)

LIVE MUSIC COCKTAIL ACOUSTIC SETS

Featuring acoustic style covers, with options of 1 or 2 sets (please see the packages below). This is an ideal way to kick-start your event with vibey live music as an accompaniment to your post-ceremony / pre-reception congratulatory drinks, canapés and lawn games.

DJ COCKTAIL PRE-RECEPTION MUSIC

Liven up your post-ceremony / pre-reception sets with some DJ tunes to get your guests grooving. This is a great alternative to live music during the pre-reception, and offers a slightly different twist on the entertainment for this period, for those that like to do things a little differently.
