“Cyber Security In Our Hearts”

Living in a global and interconnected world puts all of us in front of challenges we weren't facing just a couple years ago. Being online 24/7 exposes our lives, our businesses, everything we do.

Let me talk about why we should have **“Cyber Security In Our Hearts”**. Why we should put cyber security in the first place when we deal with IT needs for us or our clients. And why humans are the biggest risk when it comes to cyber security.”

Marek Hajn is Vice President and Chief Operations Officer of IT-CNS, Inc. and member of the Supervisory Board of CNS a.s.

Marek, a Czech Republic native, moved to Pittsburgh, PA in 2014. Focused on cyber security through Pittsburgh based IT-CNS, Inc., He became an advocate of an approach that puts humans in a center of cyber security effort. Not only in business, also in our private lives.

Aside of cyber, Marek focuses on Trans-Atlantic consulting. He brings EU based innovative companies and services to the US market.

He has BA in Bank Management and a strong background in sales, marketing and project management.

Please make note of our change of venue for this month listed below on the left.

Membership Forms & Invoices

As your yearly membership with The Greater Wheeling Chapter of AITP expires and your dues for the next year is due you receive an email from me (Joe) with an Invoice to continue your membership. I will also ask you to fill out a Renewal Membership Form to make sure that we have the most correct and current information for you.

Please fill them out as soon as possible. It takes a lot of time to keep track of everything and it will help if I don't have to keep checking with everyone.

If you have any questions, let me know. If you are not planning on renewing let me know that too and I will stop checking.
