"Ransomware"

Ransomware is a hot button in today's current events. Ransomware is a type of malicious software designed to block access to a computer system until a sum of money is paid.

Scott is a forward thinking professional with a passion for technology. He is family-oriented and enjoys a hobby in investing in and remodeling real estate.

Those who are affected by ransomware are usually those who don't have protection and are typically uneducated. Losses could include documents, family photos and videos, and other sensitive data.

Scott lives in Wheeling, WV, and works at a big data analytics cybersecurity company called Cybereason (based out of Boston MA). He has been in the consulting industry for almost 10 years doing networking/security.

What would ransomware take from you if your computer got encrypted?

He enjoys using his skillsets to support those around him. Scott enjoys learning about new technologies and concepts and listens to podcasts of all kinds.

Learn what ransomware is and how it has evolved, how it works, how to prevent, and how to prepare for ransomware in your home and working lives.

Important - Please Read!

As you can see on Page 3 the Nominating Committee is having unusual difficulty finding a few volunteers for 2022.

Volunteering to help the Chapter run and grow helps you with skills that add to your resume and value to your employer.

Please take a moment to consider volunteering for one of the open positions. We are looking for a Secretary and a Treasurer. Both are important Officer positions that help keep our chapter running smoothly. Neither takes a lot of time and there are always other members of the Board that are willing to help and guide you whenever you need.

The chapter has been growing and we have been having interesting speakers on current topics.

We need our members to be active by attending the meetings as well as participating in running the chapter.

The Greater Wheeling Chapter can only continue to be successful if you are willing to be the person that is willing to help make it successful.

So, if you feel that you can be that person, please let us know by sending an email with your questions or your offer to participate to:

AITP.GWC@gmail.com **We will get back to you.**

Membership Forms & Invoices

As your yearly membership with The Greater Wheeling Chapter of AITP expires and your dues for the next year is due you receive an email from me (Joe) with an Invoice to continue your membership. I will also ask you to fill out a renewal Membership Form to make sure that we have the most correct and current information for you.

Please fill them out as soon as possible. It takes a lot of time to keep track of everything and it will help if I don't have to keep checking with everyone.

If you have any questions, let me know. If you are not planning on renewing let me know that too and I will stop checking.

The Employment Opportunities Section of Our Newsletter

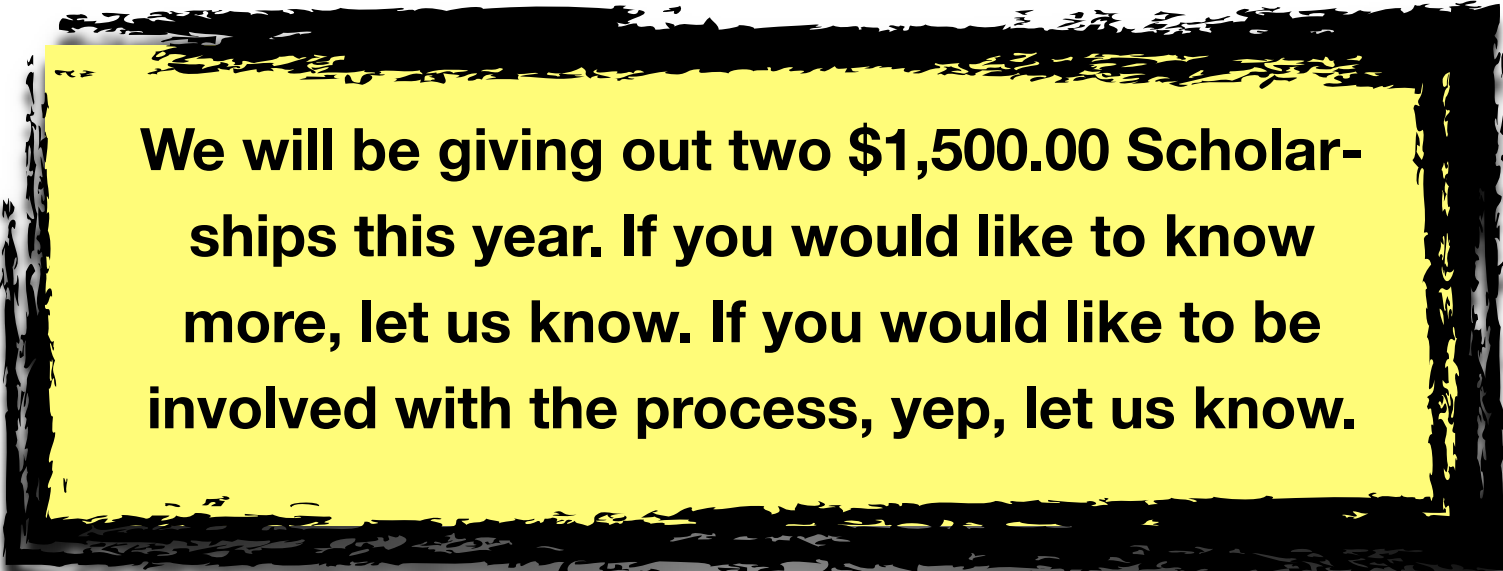

This section of our newsletter seems to be a popular page to visit. There have been several hits to that page for the past two months.

If your company is looking to hire and would like to post that offering in our newsletter just send the pertinent information to us at AITP.GWC@gmail.com and we will post it as long as you need.

If you have any questions please let us know and we will try to help any way we can.

Our newsletter goes out to over 200 people.

Keep checking the newsletter every month for updates and additions.

We will be giving out two \$1,500.00 Scholarships this year. If you would like to know more, let us know. If you would like to be involved with the process, yep, let us know.
