The Greater Wheeling Chapter of AITP

This Month's Meeting

I've made a living in advanced electronics and electricity.

My 14 years in the Navy gave exposure to many schools covering electronics, computers, display systems, radars and leadership. Wheeling Pittsburgh Steel amplified this experience along with adding radios, weighing systems, RC locomotives and PLC's.

After WPS I picked up a degree in computer science which led me to Murray Energy managing an underground tracking and communication system along with a lot of practical use of UNIX servers.

My skills also spill over to my continued support of AITP, Region 18 and The Fraternal Order of Police Associates, all three of which I currently hold board level positions.

Over the years I have acquired proficiencies in computers, radars, PLC's, wireless point to point

February 10th, 2021

This month we will be having an In Person Meeting along with a Virtual component.

Internet Video for Dummies - Like Me

And

How I Handle the Production of the Virtual Portion of The Greater Wheeling Members Meetings on WEBEX

Bill Fairbanks

Is it easy or hard?....well yes.

Technology has made internet video possible but along with this there is a learning curve. You can keep it simple and relatively easy or try a full professional setup which is very complex.

I landed on a spot somewhere in between. I'll cover the basics of the easy part, show what I did to get where I am and discuss some higher level options.

and mesh technologies, networking, servers and amateur and commercial RF. I have a degree in computer science, A+ certification and an amateur radio license.

I live in Saint Clairsville with my wife Beth, 4 miniature schnauzers, nine parrots and 350 gallons of fish.

Availability of Content of Recent Meetings

Our December Meeting presentation on Cyber Security by Dave Wilson - President of Invario has provided us with his PowerPoint slides.

New Horizons provided us with a recording of the January Meeting presented by Tracy Hass on the Office 365 Review. This was done with MS TEAMS.

If you are interested in either of these two presentations, let us know (email) and we will provide them to you.

We will be following the Governor's guidelines for this meeting as follows:

1. Same as before except they will <u>serve</u> you from the line
2. They will space the tables and seats accordingly
3. Masks are to be worn and only taken off to eat. (Per Governor)
4. Stay 6 feet apart

Membership Forms & Invoices

As your yearly membership with The Greater Wheeling Chapter of AITP expires and your dues for the next year is due you receive an email from me (Joe) with an   Invoice to continue your membership. I will also ask you to fill out a renewal   Membership Form to make sure that we have the most correct and current   information for you.

I have noticed that some of you are not receiving those emails and it may be   because they contain a link to our Google Forms that we use to get the needed data. Sometime those emails are not even delivered and are stopped at your firewall. I am working with a different company - Cognito Forms. I hope that it will correct that issue.

If you get the Invoice but not the Form email, please let me know and I will send you a PDF version.

Please fill them out as soon as possible. It takes a lot of time to keep track of everything and it will help if I don't have to keep checking with everyone. I am   currently working on 32 new and renewals.

If you have any questions, let me know. If you are not planning on renewing let me know that too and I will quit checking with you.

Thanks. Joe

The Greater Wheeling Chapter
Individual **M**erit **A**wards (IMA)

When CompTIA AITP took over the control of AITP, one of the things that they changed was dropping the Individual Performance Awards (IPA) where you got points for your active participation in the Chapter and the Community. As you gathered points, you were awarded a plaque that showed that you are working on your Leadership Skills and growing as a leader in your career.

The Greater Wheeling Chapter of AITP decided to continue that tradition by starting our own system called Individual *Merit Awards* which I have been working on for a while now. The Awards System was to start in 2019 but it took a while to get it up and running. It is starting with the 2019 year and going forward.

On January 31st, 2021 I was finally able to send out the IMA Worksheet to all of our members to be filled out with their participation for 2019 & 2020.

If you are a member and did not get my email with the worksheet attached let me know and I will see that you get it.
