

Skiatook Family Clinic

201 East Second, Skiatook, OK 74070

About the practice

Thank you for considering Skiatook Family Clinic, where we've been proud to serve the Skiatook, Oklahoma community since 2016. Locally owned and operated, we are a vibrant, forward-thinking clinic focused on providing exceptional care with small-town values. Our providers bring over 25 years of combined experience in managing complex ambulatory primary care needs, and we are deeply passionate about supporting our patients' health and well-being.

At Skiatook Family Clinic, we prioritize accessibility and convenience, recognizing the challenges distance and travel can create for patients. That's why we are committed to timely, community-centered care while collaborating with other local healthcare businesses to strengthen the network of services in our area.

Our team treats a wide range of health conditions, including high blood pressure, diabetes, cholesterol concerns, obesity, mental health challenges, and more. In addition, all of our providers have specialized training in addiction medicine, offering medications for opioid use disorder when appropriate. To further support our patients, a licensed counselor is available on-site for select needs.

While we must refer patients off-site for imaging, women's health exams, childhood immunizations, and specialty services like orthopedics, surgery, and pain management, we are dedicated to ensuring continuity of care and making the referral process seamless.

We welcome new patients ages six and older on a case-by-case basis. If you're ready to join our growing health family, please complete our registration documents and return them to our office. We look forward to partnering with you on your health journey.
