## Listing your Location as a “Delaware Arts Space Rental”

Locations are in high-demand among Delaware artists. Whether the backdrop to a photo shoot or the ready-made location for a local production’s film set, there is always a need for space – indoors and outside.

Unfortunately, these places are not readily listed, making it difficult for artists to find and secure them.

By listing your space for short-term rental, you can earn extra income, support the local arts community, and maybe even see your place in a social media ad, TV commercial, or Netflix film.

### **Businesses**

- List your business on [PeerSpace](#) or [Giggster](#). Be sure to mention that “Arts Space Rentals are welcome” with proper documentation.
