

Iron and Lace

Cotton Hall Theater Colquitt, Georgia

Saturday, October 5, 2024

It takes grit and grace to make ends meet, to raise a family, to look out for yourself. The women that came before us were forged in fire and somehow came through strong as nails, living lives as intricate as lace. Gather 'round as *Swamp Gravy* begins its 32nd year of storytelling with stories of perseverance, laughter, and what it means when foul play shows up on your own front porch. This is

Swamp Gravy: Iron & Lace.

Swamp Gravy is Georgia's Official Folk-Life Play! Begun in 1992, the production takes the true stories of local people, mixes them with local volunteer talent, professional playwriting direction and design, and spices it with original, locally written music to create an experience you will never forget!
