

MELECTRONICS

DOWN LIGHTS

CODE: DWL

Our down lights have a stylish construction with only 28 mm of thickness. The outer panel is made up of PMMA material with higher transmittance in comparison to acrylic panels.

This product is for indoor use. It can be installed in houses, hotels, supermarkets, restaurants, etc...

Wattage	Material Frame Color	Shape	Cut-Out (mm)	Color Temperature	Voltage
6W	Plastic - White/ Silver/ AB	Round/ Square	120*28 mm 120*120*28 mm	3500K / 6500K	90 - 265 V
12W	Plastic - White/ Silver/ AB	Round/ Square	170*28 mm 170*170*28 mm	3500K / 6500K	90 - 265 V
18W	Plastic - White/ Silver/ AB	Round/ Square	220*28 mm 220*220*28 mm	3500K / 6500K	90 - 265 V
24W	Plastic - White/ Silver/ AB	Round/ Square	300*28 mm 300*300*28 mm	3500K / 6500K	90 - 265 V

Chip: SMD 2385
Power Factor: > 0.9
Lighting Angle: 120

CE RoHS
