

**CODE: TWP**

Our different types of Chassis (i.e. lamp frame) accommodate T8 tube lights. They are mostly used for lighting indoor parking lots and warehouses.

The can be dangled from high ceilings to ease the lamp change when necessary.

All different frame models are waterproof.

Type	Material	Length (cm)	Accommodates
G2X18W	Plastic	60 cm	2 T8 tube lights of 60 cm length
G2X36W	Plastic	120 cm	2 T8 tube lights of 120 cm length

**CE RoHS**
