

CODE: STR

A street light is a raised source of light on the edge of a road or path.

It can also be used to illuminate relatively large parking lots or outdoor areas.

Wattage	Material	Chip	Color Temperature	Voltage
100W	Aluminum	COB	3500K / 6500K	85-265v
150W	Aluminum	COB	3500K / 6500K	85-265V
200W	Aluminum	COB	3500K / 6500K	85-265V

Power Factor: 0.9
