

Project Construct Training

Summer 2024

Project Construct for Early Childhood Educators

Training For Educators of Children Ages 3-5

Foundation of Project Construct I — 6 hours

The Science behind the curriculum. Why we do the things we do.

Foundation of Project Construct II— 6 hours

The learning environment and the role of the teacher in a PC classroom.

Module 1: Young Children’s Social Emotional Learning — 6 hours

Project Construct has been talking about Social/Emotional learning for 30 years.

Come see why we think it is one of the most important aspects of a Project Construct curriculum.

Module 2: Young Children’s Early Literacy and the Expressive Arts — 6 hours

This module examines the tools needed for successful communication of all types -

Letters and Sounds, Writing, Speaking, Listening as well as other forms of representational knowledge.

Come and see how to implement meaningful strategies & experiences in your classroom.

Module 3: Young Children’s Mathematical and Scientific Thinking — 6 hours

This module explores experiences and skills utilized in Mathematical and scientific inquiry.

Come and see how this looks in a Project Construct classroom.
