

KIDNEY Donor 4 Mike

Mission: to find Mike a kidney

KIDNEYDONOR4MIKE.COM

 @KIDNEYDONOR4MIKECOOK

Hi there. I'm Mike. I have kidney disease, which means I'm currently on the nationwide kidney transplant waiting list. Since it can take between 6 to 8 years to receive a kidney, my partner Simonetta and I are searching for my perfect living donor.

As we learn more throughout this journey, we are also spreading awareness about chronic kidney disease (CKD) and the many benefits of living donation for transplant recipients and donors alike. Let my story inspire you.

Be a living donor today.

BE A LIVING DONOR

Let my story inspire you to be an organ donor

KIDNEY DISEASE FACTS

Diabetes and high blood pressure are the top causes of kidney disease

33% of US adults are at risk of kidney disease but don't know it, so be sure to get a screening

The kidneys are the body's filtration system, cleaning the blood and removing toxic waste
