### ETHENS GEGELERASE FLENNER

### HOW TO USE THIS BOOK

Each page is set up for a top view, and a front or side view. Draw out and design anything you want. Buildings, maps, characters...the possibilities are endless. Be as creative as you can be and carefully plan out your next minecraft design. Then convert it to the game as soon as you can! Each grid square represents one Minecraft block.

### **ANIMAL KINGDOM**

-

You've been to the zoo and the aquarium, but what would it look like if you designed it. What animals would you have and how would make it fun for everyone?

### **KNICHTS OF THE ROUND TRELE** The holy grail may be hidden deep underground or secure in a cave, either way your medieval knights need a place to rest from all their travels. Can you create a suitable

home for their weary feet?

### SPRCE THE FINAL FRONTIER

Perhaps spaceships and asteroids are just what you need. Re-place grass with obsidian and give your surroundings a space-like look and feel. Then design an impressive starship complete with laser blasters and shields.
