LEARNING FOCUS

In April, we will introduce our final lowercase letters! In culmination, we will spend our Foundations time working in encoding and decoding simple VC and CVC words. Students will be immersed in these skills, however they are NOT a preschool requirement. If it is not coming easily to your child yet, please don't worry! It will come in time with continued practice.

Our Rainbow Tray routine has become quite enjoyable. Our students know the routine and expectations and are working more and more independently with each passing week!
