

# Ascent Representatives, Inc. - NorCal Line Card

## PULS

Efficient and compact DIN rail mount power supplies for industrial 1-Phase and 3-Phase systems (IP54, IP65 and IP67). DC/DC Converters, POE Solutions, DC-UPS and buffer modules. FIEPOS Decentralized Field Power Supplies. Electronic Circuit Breakers to reliably secure your system components from overload and short circuits.  
(SoCal, S. Nevada & Arizona)

## finder

Components and accessories for control panels including Industrial Relays, Relay Interface Modules, Solid State Relays (SSR), Monitoring Relays, Relays with Forcibly Guided Contacts, Timers, DIN Mount Thermostats, LED Panel Enclosure Lights and Enclosure Filter Fans.

## murrplastik

Simply Smart Systems

Panel Entry Systems  
Cable Drag Chain Systems  
Flexible Conduits and Fitting Systems  
Robotic Dress Packs  
Wire Marking, Labeling and Engraving Systems

## Leuze

Switching and measuring sensors (optical, inductive, capacitive, ultrasonic, fiber & fork), safety sensors and light curtains, identification systems (bar code readers and 1D/2D readers and scanners), data transmission and image processing solutions.

Made in the USA

Rees Inc. offers a wide selection of cable and rope pull switches, lockable emergency stop switches, pushbutton operators, ergonomic palm buttons and double plunger start-stop switches all designed and built to withstand rugged industrial plant environments.

## pizzato

Pizzato is a leading manufacturer of position switches, microswitches, safety devices, safety modules, foot switches, control and signaling devices, and devices for elevators.

## DINKLE

DIN Rail Terminal Blocks, PCB Terminal Blocks, Barrier Terminal Blocks, NEMA Terminal Blocks & DIN Rail

## STAHL

THE STRONGEST LINK.

HAZLO/ATEX/EX Rated Automation Interfaces and Solutions (I/O, ISB's), Operating and Monitoring Systems, Control Boxes, Junction and Terminal Boxes, Luminaires, Cameras, Signaling Devices, Plugs & Sockets, Cable Glands, Components and Enclosures.

## SPOC AUTOMATION

SPOC Automation builds world-class automation solutions, including variable frequency drives (VFDs), pump off controls and SCADA technology, for artificial lift, water disposal, general agricultural and gas compression applications.

## KPS

MEASURING INSTRUMENTS

Digital Multimeters, Circuit Testers, Voltage Testers, LCR Testers, Digital Clamp Meters, Flexible Current Probe Meters, Thermal Cameras, Earth Resistance Testers, Insulation Testers, Power Quality Analyzers, Multifunction Safety Tester, Temperature Meters, Environmental Testers, Industrial Meters
