

## **About CST Education Network**

CST Education Network was founded by Chi-Star Technology CEO, Brian Bouchard. Mr. Bouchard has a strong passion for Oracle Assets and wanted to share his experience with others. Mr. Bouchard has worked with Oracle Assets since Release 9 character and has worked on every release since up to and including release 12. Mr. Bouchard saw a information gap in regards to Oracle Assets and wanted to find a way to close that gap. The CST Education Network was created to offer free webinars on topics of interests:

- Global Asset Transfers
- Benefits of R12
- Tax Book Setups and Maintenance
- Reconciling Oracle Assets with General Ledger
- Entering Invoices in R12 Payables
- Deeper look at R12 new features

Continuing his efforts in Oracle Assets education, Mr. Bouchard has developed training materials for Oracle Assets. Mr. Bouchard used his experiences over the past 20 years working with Oracle Assets. He has worked as an end user during the Oracle implementation, consulting, certified Oracle trainer, project manager, founder and CEO of Chi-Star Technology, and founder of CST Education Network.

Mr. Bouchard passion for educating people on Oracle Applications extends past Assets, he is currently planning the release of future materials for other Oracle EBS Applications.
