CHI-STAR TECHNOLOGY_{st}

AssetCross_{TM}

Software that simplifies asset transfers across Corporate Books for Oracle Assets

AssetCross_{TM} High-Level Overview

AssetCross[™] Functionality:

- Transfer single or multiple assets between corporate depreciation books, regardless of:
 - Currencies
 - Chart of account structures/values
 - Asset Categories values
- Transfer assets at:
 - Cost or
 - Cost, YTD, and Accumulated Depreciation or
 - NBV or
 - Amortized NBV
- Translate transferred values to the receiving depreciation book's currency
- Transfer full or partial (cost or units) assets
- Maintains audit trail between the asset being transferred and the new asset created

Transfer Approach w/o AssetCross™ High-Level Overview

Determine the Determine Gather Asset Manually financial Assets to be Information Perform treatment of Transferred & Asset the asset Document Retirement transfer Manually Determine the calculate the Manually identify the translation new asset translation rate in Oracle values from the rate to use **General Ledger** for the asset documented translation rate transfer Manually Add Manually create Asset to new Inter-company Depreciation iournals Book

Submit The Transfer

- If the approval process is turned on, the transfer will be routed to the person who is responsible for the receiving book for their authorization of the transfer. If approved, the transfer processes will be submitted to the concurrent manager for processing.
- If the approval process is not turned on, the transfer process will be submitted immediately to the concurrent manager for processing.
- If the approval process is turned on, the following message will appear after the Submit Transfer button is selected.

Approval Process

During the approval process the status of the transfer will be in "Working" and the phase will indicate "Approval" on the Corporate Book Transfer Summary form.

Approval Process

- If approved the initiator will receive notification and the AssetCross™ process will be submitted to the Concurrent Manager for processing.
- If rejected the initiator will receive notification and the transfers can be modified and re-submitted for approval.
- If request information the initiator will receive notification with the request of information from the approver, the initiator then can take the appropriate action on the transfer.

Approver Notification:

- The notification will include the Original and New details of the transfer:
 - Asset Number
 - Book
 - Description
 - Category
 - Units
 - Cost
 - Employee
 - Expense Account
 - Location
 - Financial Option
