

RAIDER *MC5* Pistol

5.56 NATO / 223 Rem

Features

1. HM **patented** Monobloc™ barrel with an integrally machined gas block. Chambered in 5.56 NATO / 223 Rem, the 4150 Chromoly barrel is 9.5" inches in length, with a 1:8 twist ratio, ½-28 TPI threaded muzzle and a carbine gas system. All HM Defense barrels are match grade; tripled honed and button rifled for superior accuracy.
2. Custom HM Defense 8.5" inch, free float 1913 Picatinny rail is CNC machined from 6061-T6 aircraft grade aluminum. The rail is compatible with Magpul M-LOK mounting system.
3. Mil-Spec Forged 7075-T6 M4 Upper Receiver with Type III Class II hard-coat black anodized finish, M4-style feed ramps, and a 1913 Picatinny rail flat top.
4. Mil-Spec Forged 7075-T6 Lower Receiver machined from 7075-T6 aluminum with Type III Class II hard-coat black anodized finish.
5. M16 Bolt Carrier with **patented** HMB Bolt
6. Mil-Spec components, including the trigger & fire control group, charging handle.
7. 5.56 NATO/223 Rem magazine included.
8. Custom HM Quick Disconnect (QD) end plate
9. Shockwave 2.0 Blade Adjustable Pistol Stabilizer and enhanced grip.

* For suppressed applications we recommend H2 Buffer weight.
