

## GSOH

I saw your advert in the weekly news  
You were the one that I would chose  
You made an offer that I can't refuse  
You can try that old GSOH on me

Nights out and evenings in  
This is the way these things begin  
Would it really be a sin  
To try that old GSOH on me

I wonder what it means,  
Is it as dirty as it seems  
It always haunts my dreams  
Now tell me straight  
And tell me true,  
will I ever get one too?

I'm not the kind of guy who plays around  
I like to keep my feet on solid ground  
But you've got me with my trousers down  
If you try that old GSOH on me

I wonder what it means....
