ROLL YOUR WORLD INSIDE OUT™

Cargo Beds - Access Without Compromise

If you have ever crawled into the back of a pickup truck or other service vehicle's to locate and retrieve heavy items such as tools, equipment and supplies, you will appreciate the functionality and practicality of our versatile roll-out Cargo Bed.

ROLL YOUR WORLD INSIDE OUT™

FEATURES:

- Access to 80% of your cargo space from a standing position outside the vehicle
- A reduction in back injuries and compensation claims
- Built for every make and model of truck including Ford, GM, Dodge & Toyota
- An affordable permanent asset
- Ruggedly built for a lifetime of service
- You are only limited by the carrying capacity of your vehicle
- Takes over where our competition stops!

HEAVY-DUTY PRODUCT DETAILS

- Optimum performance with 3000 lbs capacity.
- Patented bi-directional locking mechanism every 10" for safe and secure rolling
- Available in widths of 21" or 36"
- Available in lengths of 60" to 90"
- Rises only 3" above the truck bed
- All steel maintenance-free construction
- Heavy Duty bearings
- Durable black powder coat finish
- Easy installation

WORK SMARTER PLAY HARDER

That is our mantra. The reason we created DECKED. We know that every minute you save during the day, every trip in and out of your vehicle you avoid, every awkward lift you don't have to perform, means you'll gain an edge and have more time and more energy for what really matters. You're damn right we are zealots for good ergonomics and efficient organization. Driven by a passion for perfection and doing the right thing, we are proud to make our products from recycled materials in the good of US of A. We're even prouder to help improve the lives of those who rise early to get to the job done.

We spent three years developing and engineering DECKED and the past four years refining our design with the help of real people in the field using DECKED daily. Thousands of happy customers (and four grouchy ones) later, we are here to say it's an honor to serve our hard working and harder playing customers with an innovative family of products designed to help you Work Smarter so you can Play Harder.

STRENGTH-TO-WEIGHT

2000 lb payload
200 lb per drawer capacity
DECKED overall weight:
230 lb

2000 LB PAYLOAD

A steel sub frame gives the same payload as a standard half-ton truck.

CUSTOM FIT

CAD engineered to match the sidewall of your truck or van for a perfect fit.

EASY TO INSTALL

Attaches to bed tie downs and cargo attachment points for easy install.

HIGH DENSITY POLYETHYLENE (HDPE)

Impervious to the elements and extreme conditions.

STEEL IS REAL

50% of the systems weight is steel. Tubes are in-molded laterally into deck.

AMMO CAN STORAGE

Four ammo cans are located at each corner on a Full Size System offering extra storage.

RECYCLED MATERIALS

Manufactured from 100% recycled HDPE and American steel.

BEEFY WHEELS

Four sealed bearing wheels allow drawers to roll smoothly.

TECHNICAL DATA:

FULL-SIZE SYSTEM

SYSTEM DIMENSIONS

	SHORT	STANDARD
LENGTH	64.54"	75.25"

LENGTH	56.28"	68"
WIDTH	56"-64"	56"-64"
HEIGHT	12"	12"
DRAWER WIDTH	11"/18"	11"/18"
DRAWER HEIGHT	8.5"	8.5"

SECURE

With your tools, guns, rods and other gear organized in your DECKED system, they are as secure, if not more secure, than under a locked tonneau or canopy. Tailgate locks combined with our design, will keep the bad guys out.

CUSTOMIZABLE

With more options than your facial hair, we've developed a collection of helpful accessories to help you get more out of your system through customizable configuration. Like the first day of November, the options are limitless.

RUGGED & DURABLE

Built from zombie apocalypse-proof HDPE and anti-corrosion treated steel, DECKED is impervious to the elements. Designed to be left out in all conditions, from under a blistering Texas sun to an Alaskan whiteout, DECKED is meant to be ridden hard and put away wet.

WEATHER PROOF

DECKED drawers are designed to be fully water proof and ready for whatever mother nature might bring. While airborne particulate matter like mist or dust might penetrate the drawers, you're gonna have to really screw up and back your truck into a lake to swamp your stuff.

WORK SMARTER

Our company mission is to make life easier for the working man and woman. Whatever your mission, DECKED helps you work smarter with increased efficiency and less wear and tear on your body.

PLAY HARDER

Fishing, hunting, camping, boating - You name it, DECKED maximizes the flexibility of your vehicle's bed. We engineered DECKED to keep your gear dry, secure and organized.

DECKED APPLICATION GUIDE

WHAT WE FIT

DECKED fits most trucks and cargo vans made from the late 90's to today. Refer to DECKED.COM for our most current fitment guide.

FOOTNOTE: 1. This system is engineered to be installed in trucks with 8' beds. They are NOT 8' long DECKED systems. The DECKED system orients towards the tailgate. As a result, there is a gap from the cab side edge of the DECKED system that allows room for a narrow crossover toolbox or fuel transfer tank.

ACCESSORIES

DRAWER ORGANIZER

The Draworganizer nests into the handle end of your drawers creating a handy, useful storage space for small tools, hardware, bugspray, duct tape.

PRODUCT DIMENSIONS:
W: 17.625"
L: 10.125"
H: 8"
2.6 lbs

Fits all full-size drawers and midsize wide drawer. Does not fit midsize system narrow drawer.

DEC-AD7-DRAWER ORGANIZER

Double Draworganizer

PRODUCT DIMENSIONS:
W: 17.625"
L: 16.125"
H: 8"
6 lbs

Fits all full-size drawers and midsize wide drawer. Does not fit midsize system narrow drawer.

DECKED

TOOL BOX

The DECKED Truck Tool Box is the only toolbox on the market that's easy to access, won't ding, dent or rust, and looks like it came from this decade. Secure. Waterproof. Nearly Indestructible. 100% Made in USA. Forget crawling into your truck to reach tools and gear! We've developed an optional ladder that easily drops to the ground, takes up minimal space, and telescopes closed inside the DECKED Truck Tool Box. With industrial strength durability and security, the DECKED Truck Tool Box is constructed using injection molded high-impact resin with galvanized steel and aluminum reinforcement. This thing is a Fort Knox disguised as a truck tool box.

TECH SPECS

MATERIALS:
LID: Steel Reinforced Injection Molded High-Impact Polymer Resin
BASE: Injection Molded, Impact Treated High Density Polyethylene

Holman Formerly **Kargo Master** **TRUCK RACKS**

PRO II HEAVY-DUTY STEEL TRUCK RACKS

The Holman Pro II Truck Ladder Rack is one of the toughest heavy-duty racks in the market. The Holman Pro II Truck Rack is built with 2" diameter round steel tubing that has a 1,700 lb. loading capacity (evenly distributed). The sleek round tube design significantly reduces wind drag and noise and creates a uniform load distribution that results in a sturdier rack. All Holman truck racks are treated with zinc primer and marine grade powder coat to achieve excellent corrosion and UV resistance.

Pro II Steel Truck Racks are available for all full size trucks in a standard and extended/crew cab style that fits 6.5ft and 8ft bed lengths. Also available for trucks with cab high camper shells.

Specifications:

- Yellow Zinc plated hardware
- Cosmetic button head bolts
- Nyloc self locking nut
- 1700 LB cargo capacity (evenly distributed)
- 2" dia x .083 thick high tensile strength steel
- Zinc Epoxy undercoat
- High gloss black marine grade powder coat finish
- Swagged tube joints
- 1000 hours ASTM salt spray resistance

AVAILABLE FOR TRUCKS WITH CAMPER SHELLS

For complete kit order: (1) Side Channels (1) Leg Bars

WINDOW GUARD

Protects rear cab window while adding support to both the rack and truck bed. Features pre-punched mounting slots and fully rolled finished edges. Powder coated 16 gauge cold rolled steel.

Holman Formerly Kargo Master VAN RACKS

EZ - LODOWN™ DROP DOWN LADDER RACK

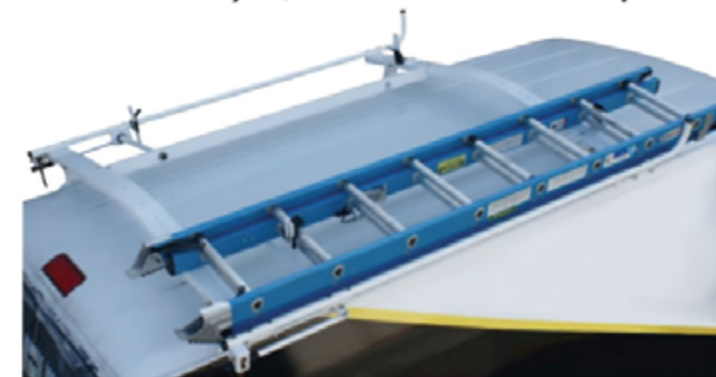

- Heavy-duty mechanism in lowered position brings a horizontal ladder to only 4" above grade. About 15" lower than leading competition models. Holds both extension and step ladders.
- Adjustable clamps firmly secure ladder to rack.
- Rung grips are adjustable to secure all sizes of extension ladders.
- No drilling or cutting required.
- Rugged cross bars hang low over van roof to reduce overall vehicle height.
- Wide mount coated feet clamp securely to rain gutter and protect paint.
- Zinc epoxy primed for superior rust resistance. Chip resistant white powder coat.
- Assist, dampener arms and driver side load retainers included.

Single and Mount required for Basic kit. Double & Combo options are added to Basic kit.

CLAMP & LOCK LADDER RACK FOR COMMERCIAL VANS

Whatever it may be, this ladder rack will transport it securely to wherever your job takes you.

- Rugged cross bars hang low over van roof to reduce overall vehicle height and help with loading and unloading.
- Easy to reach lockable clamp arm and adjustable ladder grips firmly secures ladders (step and extension) to rack.
- No drilling or cutting required.
- Wide mount coated feet clamp securely to rain gutter and protect paint.
- Zinc epoxy primed for superior rust resistance. Chip resistant white powder coat.
- Curb side clamp mechanism and driver side load retainers included.

DROP DOWN LADDER RACK

EZGlide2™

- ▶ **EASIEST TO OPERATE**
 - 50% easier to operate than competitor drop-down ladder racks to reduce strain.
 - Drop-down feature improves user safety when handling heavy ladder loads.
 - Heavy duty design holds the toughest loads and lasts longer.
- ▶ **LIGHTEST WEIGHT DROP-DOWN LADDER RACK AVAILABLE**
 - Maximize roof weight capacity to hold the important items.
 - Great fuel economy whether empty or fully loaded.
- ▶ **MOST VERSATILE**
 - Fits extension ladders up to 40' and step/podium ladders from 3' - 12' with extra drop-down mechanism.
 - Easily operates with up to 100 lbs of ladder weight per side.
 - Optional third cross-member accommodates conduit carrier for secure storage.

VAN FIT GUIDE

STEP 1

CHOOSE A MOUNTING KIT

(Mounting kits are not needed for Chevy Express, GMC Savanna or Ford E-Series vans, go to Step 2.)

PART NO.	DETAILS
WEA-2115-0-01	Ram ProMaster Mounting Channel Kit - 115" Wheel Base (low/Mid/High Roof)
WEA-2102-0-01	Ford Transit Mounting Channel Kit - 148" Wheel Base (low/Mid/High Roof)
WEA-2130-0-01	Ford Transit Mounting Channel Kit - 130" Wheel Base (low/Mid Roof)
WEA-2113-0-01	Mounting Channel Kit for Sprinter, Nissan NV
WEA-2085-0-01	Compact Mounting Channel Kit for Ford Transit Connect, Chevy City Express, RAM ProMaster City, Nissan NV200, Nissan NV High Roof)

STEP 2

SELECT A DROP-DOWN LADDER RACK ASSEMBLY

(Single-Side Only with Cross Members)

Fits 20' - 40' Extension, 10' - 12' Step and 6' - 10' Podium. Drop down can mount on driver or passenger side.

PART NO.	DETAILS
WEA-2291-3-01	Extended Drop-Down for Mid-Roof/High-Roof Vans (Includes Two 70" Cross Members & 89" Center Tube)
WEA-2271-3-01	Fixed Drop-Down for Full-Size Vans (Includes Two 70" Cross Members & 89" Center Tube)

ALUMINUM CONDUIT CARRIER

Keep your conduit safe, secure and clean with our lightweight and durable conduit carrier.

PART NO.	DETAILS	LENGTH	WIDTH	HEIGHT
WEA-237	Conduit Carrier	121.5"	11"	6"
WEA-238	Extension	6"	11"	6"

OPTIONAL

MAKE IT A DUAL DROP-DOWN LADDER RACK

Long ladder kits fit 20' - 40' Extension, 10' - 12' Step and 6' - 10' Podium. Short ladder kits include center cross member to carry shorter ladders on opposite side

PART NO.	DETAILS
WEA-2295-3-01	Extended Drop-Down Long Ladder Kit for Mid-Roof/High-Roof Vans (Includes 89" Center Tube)
WEA-2297-3-01	Extended Drop-Down Short Ladder Kit for Mid-Roof/High-Roof Vans (Includes 70" Cross Member & 36" Center Tube)
WEA-2275-3-01	Fixed Drop-Down Long Ladder Kit for Full Size Vans (Includes 89" Center Tube)
WEA-2277-3-01	Fixed Drop-Down Short Ladder Kit for Full Size Vans (Includes 70" Cross Member & 36" Center Tube)

MAKE-YOUR-OWN CONDUIT CARRIER

PVC not included. Separately purchase a section of standard 6" PVC plastic drain pipe. Coordinate the length of the PVC with the length of conduit you'll be carrying.

PART NO.	DETAILS
WEA-239	Universal

UNIVERSAL CROSS RAILS

DEE Zee designed Hex Cross Rails with customization in mind and they can be mounted on midsize and full-size trucks. The universal bracket attaches to the lip of the truck bed and can be mounted anywhere along the rail. The hexagonal tubing includes integrated channels to mount various accessories.

- An easy way to add anchors for securing cargo
- Made from cast aluminum
- No drilling required
- Sold in pairs

FEATURES

- Made of Hexagonal Extruded Aluminum
- Texture black powder coat for style and protection
- Lightweight, yet durable with 200-pound weight capacity
- Can be mounted anywhere along the bed rail and spaced for your needs
- Easy removal with hand knobs when not in use
- Durable Plastic End Caps
- No Drilling Required for Easy Installation
- Channels Add Endless Accessory Options (not included)
- Limited-Lifetime Warranty

BACKRACK™

FUNCTION AND STYLE FOR TODAY'S TRUCKS

TRACE RACK

The TRACE Rack provides the legendary protection BACKRACK is known for, now built with a sensational style all its own. Made from sturdy 14-gauge black powder-coated steel, the rack features a sculpted design that establishes a backbone of grit and determination. An optional Cab Shield is available to enhance protection for both cab and passengers and creates a total rack solution. And the TRACE Rack's innovative design really drives it home with a simple no-drill installation and our BACKRACK 1-Year Workmanship Warranty.

Predrilled holes to mount lighting and wire tie down points

Removable side panel for customization - wrap, powder coat, company logo, etc.

- MADE FROM QUALITY STEEL
- MAXIMUM CORROSION RESISTANCE
- NO DRILL INSTALLATION
- COMPATIBLE WITH SELECT TONNEAU COVERS

ADARAC™

TRUCK BED RACK

TRUCK BED RACK SYSTEM

ADARAC™ TRUCK BED RACK

Taking performance and versatility to new heights. The ADARAC™ Truck Bed Rack effectively and efficiently extends the carrying capability of your truck with a sturdy framework constructed of durable powder coated steel. ADARAC™ Truck Bed Racks load capacity is maximum 1,000 lbs. static, 500 lbs. dynamic and 400 lbs. off-road dynamic, evenly distributed. Each aluminum cross bar features an integrated mounting channel to easily attach accessories and secure cargo. The easily adjustable and removable uprights contour to the cab for an aerodynamic design. The ADARAC™ Truck Bed Rack is strong, sturdy and stylish.

ADARAC™

ALUMINUM M-SERIES

TRUCK BED RACK SYSTEM

ADARAC™ ALUMINUM PRO SERIES

Industrial versatility with a strong emphasis on more. The ADARAC™ Aluminum Pro Series maximizes hauling power with limited framework interference for cargo and folding tonneau cover operation using completely adjustable and removable vertical uprights. Accessories can be quickly attached to safely secure gear using integrated mounting channels in the rails and cross bars. Heavy duty corrosion resistant aluminum construction. ADARAC™ Truck Bed Racks load capacity is maximum 1,000 lbs. static, 500 lbs. dynamic and 400 lbs. off-road dynamic, evenly distributed. ADARAC™ Aluminum Pro Series has the strength to get the job done.

ADARAC SERIES

ADARAC ALUMINUM PRO SERIES

TRUCK BED RACK SYSTEM

ADARAC™ ALUMINUM M-SERIES

COVER COMPATIBILITY

Works with Access® Roll-Up Covers and most inside the rail roll up tonneau covers.

TROUBLE-FREE INSTALLATION

Aluminum stake pocket inserts, no drilling required.

Great things do come in small packages! The ADARAC™ Aluminum M-Series is designed to make everything you do easier. From heavy duty, corrosion resistant aluminum to low profile, adjustable uprights the ADARAC™ Aluminum M-Series' load capacity is maximum 1,000 lbs. static, 500 lbs. dynamic and 400 lbs. off-road dynamic, evenly distributed. This model specific truck bed rack secures to your truck with aluminum stake pocket inserts for an easy, no drill installation. Quickly add accessories to secure cargo and prevent shifting with built-in mounting channels on cross bars and utility rails. ADARAC™ Aluminum M-Series increases the storage space and versatility of your pickup.

CORROSION RESISTANT FRAMEWORK

Support an evenly distributed 500 lb. load using extruded anodized aluminum rails combined with uprights and cross bars.

ERICKSON TRUCK RACKS
MANUFACTURING LTD.

ALUMINUM TRUCK RACK

- Aluminum construction resists corrosion and makes this rack lightweight, yet strong
- Rack is in two sections so it will fit all box lengths
- Clamping system connects to bed rail (no drilling required)
- Fully adjustable load stops

ERI-07705

Assembled Dimensions: Length: 66.4"
Width: 12.6"
Height: 34"

Triangle Stop Dimensions: Length: 3.5"
Width: 7"
Height: 6.5"

STEEL TRUCK RACK

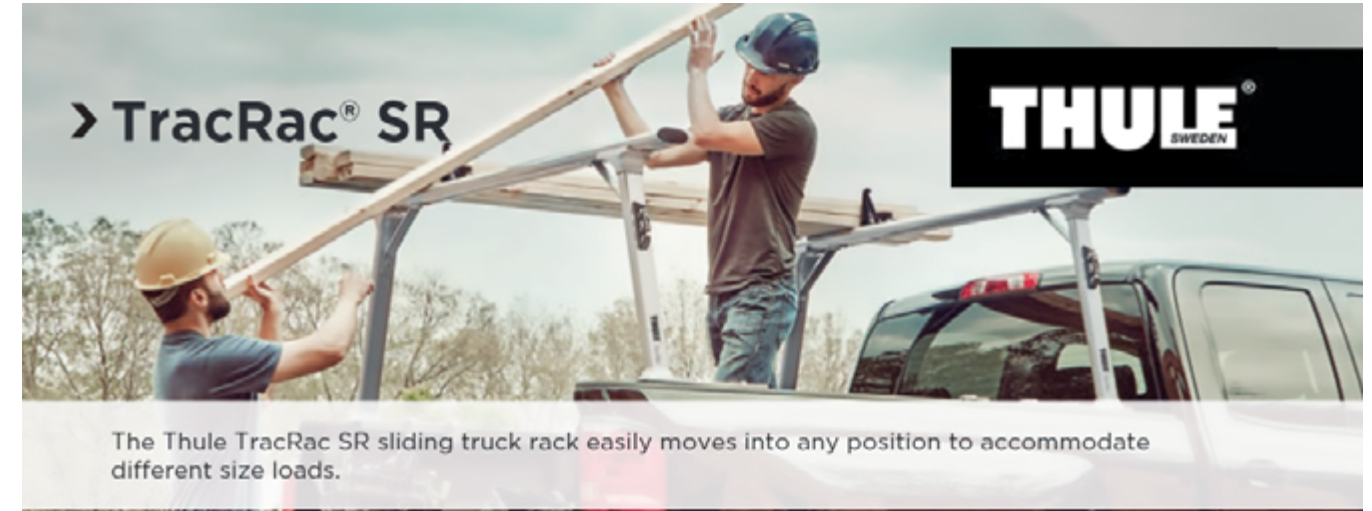

- Steel construction makes this rack strong and durable
- Rack is in two sections so it will fit all box lengths
- Clamping system connects to bed rail (no drilling required)
- Fully adjustable load stops

ERI-07706

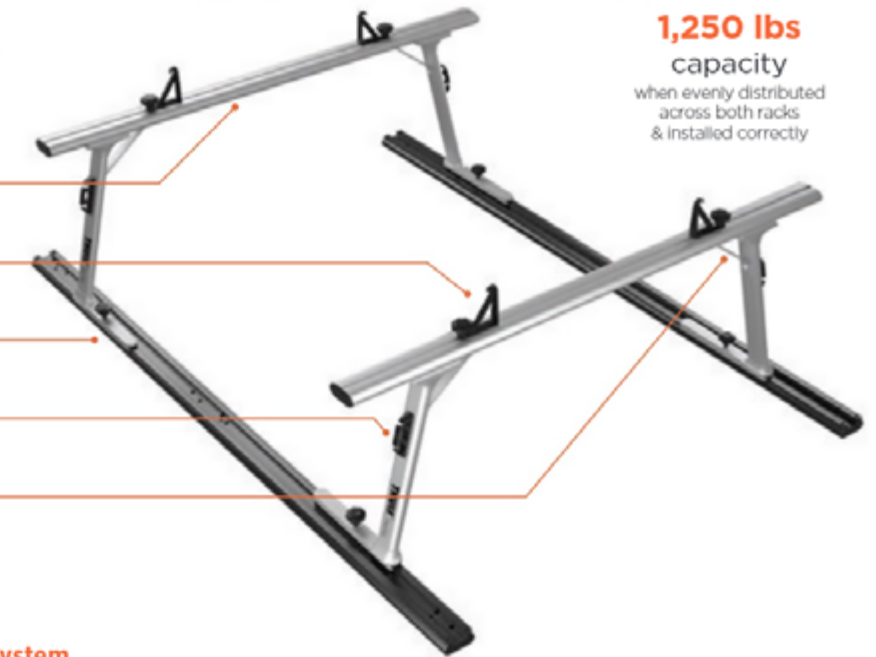

Assembled Dimensions: Length: 78"
Width: 14.7"
Height: 33.5"

The Thule TracRac SR sliding truck rack easily moves into any position to accommodate different size loads.

TracRac SR | features

- Quick installation without drilling into the truck
- Aerodynamic and quiet due to the integrated wind deflectors
- Protect different size loads with the aluminum load stops that adjust to the full width of the truck
- Sliding racks adjust to the length of the bed to carry different loads and can easily be removed
- Securely transport all cargo with the aluminum ARC cleats that provide additional tie-down points
- Rack and cargo remain stable and secure due to corner brace design and aluminum crossbars
- Durable, corrosion resistant aluminum construction
- System weight: 80 lbs

1,250 lbs capacity
when evenly distributed across both racks & installed correctly

For a complete TracRac SR system order appropriate Base Rails & Overhead Rack

- Base Rails include: (2) black anodized aluminum base rails and mounting hardware
- Overhead Racks include: front & rear sliding racks, (4) sliding aluminum crossbar tie-downs, and (4) aluminum ARC side cleats

A rugged yet stylish roof platform designed to support all your adventures

Transform the roof of your vehicle into the foundation for adventure with the Thule Caprock roof platform. With its modular design and endless possibilities for attaching a rooftop tent or accessories, this sleek roof platform will support all your gear and mounts to a host of vehicle types, with or without crossbars.

HEAVY LOAD CAPACITY
Heavy-duty roof platform rack that lets your vehicle carry bulky cargo with ease. The platform is designed to fit common roof rack systems and provides several mounting options with integrated T-slots.

VERSATILE DESIGN
Mount various Thule rack products, a rooftop tent or accessories for overlanding, camping, and more into the integrated track system and base crossbars.

4 CORE CHANNEL TECHNOLOGY

XRS Xtreme Rack & 4-Core Accessories on Next Page

GO RHINO XRS XTREME RACK SYSTEM

4-CORE ACCESSORIES

The 4-CORE Difference

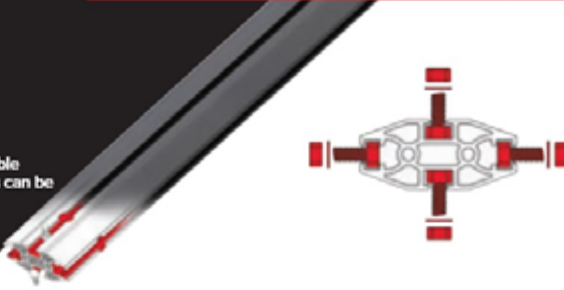

SRM Racks | CEROS Racks | XRS Overland Series

EXCLUSIVE 4-CORE CROSSRAIL SYSTEM PROVIDES UNLIMITED ACCESSORY MOUNTING OPTIONS

Slotted rails on both sides of bar increases mountable surface area on the XRS Xtreme Rack - accessories can be mounted on top, sides, inside or outside

Wide variety of Go Rhino accessories available slots that accept 1/4-20 hex bolts

XRS ACCESSORY GEAR TABLE

THE GO RHINO GEAR TABLE IS AN XTREME RACK (XRS) ACCESSORY THAT PROVIDES AN OUTDOOR WORK SURFACE WHILE DOUBLING YOUR STORAGE SPACE

- A** WHEN OPEN: Table surface is lightweight, sanitary and easy to clean
- B** INTERIOR STORAGE: Inside space allows for accessories up to three inches deep (such as shovels and axes) when strapped to rack
- C** WHEN CLOSED: Mounting points on outside provides additional storage space for a variety of items, such as Max Trax, Tread Pro traction boards, Daystar cans, Jerry Cans, etc. (Accessories not included)

- Attaches to either side of the Xtreme Rack
- Engineered to safely keep table level - Table has 200lb weight capacity to hold plenty of gear and tools
- Accommodations for a padlock for extra security

GOR-5950110T

RHINO ACCESSORY GEAR PLATE

- Countless combinations that provides the real estate needed for your accessories
- Easily bolts on to 4-CORE 10-inch spaced crossbars of the SRM, CEROS and XRS Series products
- Universal application: can be mounted on any flat surface
- Specially designed to mount a variety of accessories from major manufacturers: Roto Pax, MOLLE/PALS, Max Trax

GOR-5950020T

XRS REEL HANDLE KIT

- Bolts to front, rear or both front and rear of Xtreme Rack with easy, no-drill installation
- Universal application: Flat mounting surface makes it a fit for many applications, including marine
- Fabricated tubular steel and black texture powder coat

GOR-5950100T (Pair)

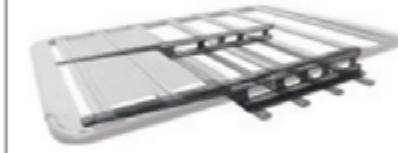

XRS TO SRM CONNECTOR

- Mounts the SRM600, SRM500 or SRM400 Roof Rack to the top of the Xtreme Rack

GOR-5950010T (set of 4)

XRS CAB OVERHANG MOUNT KIT

Need more loading space? Add any SRM basket to your existing XRS Rack with our cab overhang bracket. Works with any 55", 65", or 75" basket. Allows you to use a larger roof top tent or carry larger accessories.

- MOUNT KIT FOR 55" BASKET GOR-5950055T
- MOUNT KIT FOR 65" BASKET GOR-5950065T
- MOUNT KIT FOR 75" BASKET GOR-5950075T

RHINO QUICK RELEASE ROOFTOP TENT BRACKET KIT

- Designed to work with 4-CORE slotted cross rails on XRS Xtreme Rack or SRM500 Platform Roof Rack
- Easy, pull pin release allows you to avoid annoying tent straps or tie downs

GOR-5950030T (set of 4)

RHINO AWNING BRACKET KIT

- Mounts awning to SRM, CEROS or XRS Series
- Specially designed to curve around the XRS Rack's end caps and under the tent
- Multiple awning options: slots for standard awnings, "bat wing" style large awnings, & custom configurations

GOR-5950040T (Pair)

4-CORE RHINO TIE DOWNS

- Handy accessory for ropes, tie downs or bungee cords
- Fits anywhere on any 4-CORE system (SRM, CEROS or XRS) and future 4-CORE applications

GOR-5950130T (set of 4)

4-CORE FLOOR PLATE INSERT KIT (4 PIECE)

- Designed to work with 4-CORE slotted cross rails on SRM, XRS Xtreme, and CEROS roof rack systems
- Precision cut steel inserts come in textured black powder coat
- Can be configured vertically or horizontally
- Punched holes work with most traction boards & Roto Pax systems

GOR-5950090T (set of 4)

4-CORE MOUNT KIT FOR HI-LIFT JACK

- Hi-Lift Jack Mount Bracket provides a safe, quiet, and secure mounting point for a Hi-Lift Jack, on your SRM rack or XRS rack
- Maximize space and allows you to use most of your bed space on XRS Bed Racks

GOR-5950060T (Pair)

4-CORE MOUNT KIT FOR FOLDING TABLE

- Maximize space and safely secure your folding table
- Compatible with most 6" folding tables
- Allows you to use most of your bed space underneath your XRS rack

GOR-5950050T (set of 4)

GO RHINO XRS CROSS BARS

SRM 400 RACK

SRM400 Modular Roof Rack

Go Rhino's new series of roof racks allows a whole new level of customization with removable front and rear fairings. Removing the fairing allows for the installation of front or rear facing lights. Optional side mounts for dualy lights included. Fairing removed, longer items like paddleboards and kayaks can be carried as well. Slotted cross bars create easy mount for accessories.

SRM400 RACK

FEATURES

- Galvanized steel fabricated panels
- Extruded aluminum cross bars
- Injection molded Nylon cross bar end caps attach the cross bars securely to the fabricated side panels
- Integrated side light mounts for standard cube stem mount LED lights
- Integrated hole pattern for standard scene light mounts - two sets per side
- Solid front fairing reduces wind noise while vented rear cover allows for air to escape reducing noise from turbulence
- Front fairing and rear cover are removable exposing multiple mounting hole patterns for a variety of lighting styles
- Universal U bolt style mounting clamp system included

PUTCO OVERLAND RACKS
VENTURE TEC

PUTCO's VentureTEC Overland Modular Cargo System begins with a sleek bed rack designed to provide endless mounting options through its patent-pending TEC channel system. Constructed using high quality, lightweight 6061 t6 aluminum, this cargo system allows you to bring anything on-the-go!

FEATURES

- **EZ-TEC ACCESS SLOTS** Easily place or remove TEC channel compatible products for customizing your cargo load
- **CLAW-GRIP JOINTS** Every joint is securely fastened with a 4-bolt mechanism paired with the CoreTEC Block which is a solid aluminum stabilization insert.
- **STAKE POCKET BED MOUNTS** The core of the system mounts to any truck bed via stake pocket mounts which allows the truck bed to be a strong foundation for the rack.
- **TIE DOWN POINTS** Tie down points have been integrated in the VentureTEC design for the convenience of securing cargo
- **CNC 7 AXIS BENDING** CNC 7 axis bending allows for exact vehicle cab contour to create a sleek look to your vehicle while maintaining full functionality of the rack

TARGET FEATURE

VentureTEC TUBE DESIGN + CoreTEC BLOCK

- A TEC CHANNEL SYSTEM**
Designed as a universal system for all VentureTEC accessories to fasten securely to the rack.
- B CUSTOM BLADE GROOVE**
This custom groove is fully compatible with any Putco patented Blade LED Light Bar.

100% MADE IN THE USA

RACK ACCESSORIES

GRAB HANDLES

These aluminum die cast handles fasten anywhere on the VentureTEC rack to provide a sturdy grip for holding on to.

TEC TABLE

These arms clamp to the frame of the VentureTEC rack and create a support unit to hold a platform that can be used as a work space or table.

MINI TIE DOWNS

Tie downs fasten to VentureTEC system to provide secure tie down points nearly anywhere on the rack. Item sold as a pair.

MOUNTING PLATE

Made from black-coated stainless steel. Made to attach to the side of the VentureTEC rack and is fully compatible with Rotopax mounting system.

FULL LENGTH MOUNTING PLATE

Full-length version of the TEC grate made from black-coated aluminum with all the same functionality and more.

PUTCO ELEVATED TEC CROSSRAIL

VENTURE TEC

KICK IT UP A NOTCH WITH ELEVATED TEC CROSS RAILS

This version of the TEC Crossrail takes your Venture TEC Rack or your Truck Bed TEC Rails to the next level. This allows you to maximize the cargo space of your truck and provides more areas to add more items or storage to your rack or rail set. Putco's patented TEC Channels are featured on the crossrails and continues the endless ways that you can customize your Venture TEC Rack or TEC Rails.

ELEVATED TEC CROSSRAILS

CoreTEC CONNECTOR BLOCK

The Core TEC Connector Block is a solid billet aluminum insert that fits snugly within the tube end and reinforces each joint section to ensure stability and strength of the structure.

ELEVATED TEC CROSSRAIL FEATURES

- 6061 T6 Aluminum construction
- 9" aluminum risers
- CoreTEC Connector Block reinforces end joints
- Sized to specific Venture TEC Rack or TEC Rail (sold separately)

ROTO PAX

Fuel Containers

RotoPAX-Gas Packs are rotationally molded for superior strength and a leak-proof design that puts to shame traditional blow-molded carriers. RotoPAX-have solid thick walls and extra threads with a sure-seal gasket, guaranteeing it will not leak or vibrate loose. The rotational molded design strengthens construction and is made from colorfast materials, so they're less prone to fading or wearing out. The RotoPAX-packs feel solid, like you could run them over with a truck, and they wouldn't leak a drop. All RotoPAX-gas containers are molded using our patented three layer design. This state of the art molding technique exceeds the EPA requirements. RotoPAX-Gas Containers are offered in various sizes depending on your needs. Remember to vent the PAX-regularly.

FUEL PAX

Have you ever been out and needed extra fuel? Are your current fuel cans leaking? It doesn't matter what you have. Jeep, Nissan, Yamaha, side by side, ATV, UTV, snow sled, motorcycle, trailer, Honda, Polaris, RZR... No matter what you drive, and if it needs fuel - FuelPAX-should be the first fuel pack you think of.

FuelPAX-is stackable just like RotopaX. To stack the 1.5 or 2.5, use the RotoPAX-1.75 Extension (PAX-RX-1.75EXT); to stack the 3.5 and 4.5, use the 3 Gallon Extension (PAX-RX-3EXT).

		PAX-Bar Mount	PAX-FX-RMB

FuelPAX-hardware is also compatible with RotopaX.

ROTO X PAX™

Mounting Hardware & Accessories

RotoPAX-containers are designed to be mounted on any flat surface. This can be achieved in several ways: Many customers prefer to design and fabricate their mounting brackets. This option is best for custom applications and aftermarket setups. The other option is to purchase a RotoPAX-bracket. We have various mounting brackets for most applications. All of the Pack Mounts and Mounting Plates are sold separately.

The ingenious PAX-mount design enables you to use any PAX-mount with any of our containers. The PAX-mounts are all made of hardened anodized aluminum and B7 all thread for maximum strength.

(Note: Be sure to not overtighten the PAX-mount. There is no need to crush the container - just tighten the mount until the container is snug.)
