TREKTOP™ FOR BRONCO

The Trektop Soft Top by Bestop – run as fully-enclosed, all-season soft top or enjoy the open air with multiple open top configurations.

- Sunrider feature allows for a quick and easy open air experience
- Innovative no zipper windows for easy removal
- Designed to work seamlessly with factory doors
- Rear tailgate opens without interference from rear window panel
- Works with the Bestop Mesh Bimini Sunshade (sold separately)
- Available in vinyl and twill fabrics
- Tinted windows to help keep the interior cooler in warm weather
- Convenient, overhead map and storage pockets
- No drill installation

The Sunrider For Hardtop by Bestop – all-purpose, all-weather, year-round replacement for the overhead hard top panels. By adding a Sunrider for Hardtop to your new Bronco, you'll discover a whole new level of open-air adventure. Simply replace your overhead hardtop panels with this soft top and enjoy the sun, moon and stars – and never worry about being caught out in the rain unprepared. The Sunrider for Hardtop easily and quickly flips back in a matter of seconds. Open up to the world around you.

- Replaces your overhead hard top panels with a soft top that opens and closes in seconds
- Enjoy more time in the open air
- No chance of getting caught in the rain unprepared, just flip closed
- Enjoy the open air without having to store the panels in your vehicle – Use that space for adventure gear instead

MESH BIMINI FOR BRONCO

The Mesh Bimini Sunshade by Bestop allows you to open up your Bronco without the effects of harsh overhead sunlight.

- Doesn't need an extra-cost windshield channel to install
- Uses simple hook-n-loop fastener and J-Hook system for no-drill install
- Designed to work with the Trektop soft top (sold separately)
- Installs in just a couple of minutes
- Applications for 2-door and 4-door Broncos
- Mesh fabric for filtered sunlight inside
- No drill installation

WESTIN XTS ROCK SLIDERS

The all-new XTS Rock Sliders from Westin provide outstanding protection from rocks and other trail hazards, and feature a custom profile to match vehicle's contour for enhanced protection and great styling. Westin's XTS Rock Sliders are constructed from 12-gauge steel channel combined with a 1-3/4" diameter .120" thick wall round tube for superior durability. The XTS Rock Sliders feature bolt-on step plates with polyurea texture coated grip surfaces for slip resistance. These XTS Rock Sliders are built to last through the use of an electrostatic base coat for superior corrosion resistance in combination with a durable textured black powder coat finish. All XTS Rock Sliders come complete with all necessary hardware to provide a hassle-free installation, while a full 3-Year warranty provides peace of mind.

- FEATURES:**
- Custom profile to match vehicle's contour
 - Reinforced for maximum strength
 - 12-gauge steel channel
 - 1-3/4" diameter .120" thick wall round tube
 - Bolt-on step plate with polyurea texture coated grip surface
 - Hardware and mounting brackets included
 - Electrostatic base coat provides long lasting corrosion protection
 - Bolt-on installation - no drilling required
 - Available in textured black powder coat finish

FINISH: Textured Black Powder Coat
MATERIAL: E-Coated Steel

Rear Bumper, Body Width | RGG-11548.81

SPARTACUS™ FRONT BUMPERS

JEEP WRANGLER JL & GLADIATOR

Spartacus Front Bumpers feature a tough satin black powder-coat finish on a sturdy 11 gauge stamped steel construction. The stamping process allows for the most advanced styling on the market, creating a bumper lighter than most aftermarket steel bumpers and is designed to work with all popular winch models. This bumper allows you to re-use your factory tow hooks.

Spartacus Front Stubby Bumper

YEAR	MODEL	COLOR	PART NO.
JEEP			
18-23	Wrangler JL 4-Door	Black Twill	BES-54725-17
07-18	Wrangler JK 4-Door	Black Twill	BES-54724-17

All models have 18% tinted windows, door surrounds, tailgate bar, removable DOT approved windows, and sunroof feature. Doors not included. Premium Twill fabric has 40 mil thick windows.

- Our most premium, year-round versatile soft top
- Run it as a fully enclosed soft top, Safari style bikini, or fully open
- Supertop Ultra can be operated confidently whether you have a second set of hands or not thanks to Bestop's patented Guide Track System assisting in guiding the hardware up or down
- Features traditional square back profile consistent with traditional Jeep® silhouette
- Enhanced Sunrider® feature is simple to open thanks to gas strut assistance and latches in the sunshine over the front and most of the rear seats. Throw it open in a matter of seconds
- Combination of zippers and zipperless channels makes window install and removal seamless
- Folds compactly behind rear seat
- Made of high grade premium fabric that maintains its shape in all temperatures, is mildew resistant, and contains UV inhibitors

Premium Twill

- 30-oz. triple-layer Premium Twill fabric has superior durability to other fabric used in Jeep soft tops
- Features smooth, wrinkle resistant appearance and contains no PVCs
- More flexible with softer feel and superior cold-weather performance
- Industry leading 40 mil, DOT approved vinyl side and rear windows have 18% tint to help keep interior cooler in warm weather climates

LIMITED LIFETIME WARRANTY

Black Twill

SUPERTOP®

LIMITED 5 YEAR WARRANTY

Black Diamond

- Includes soft top fabric, side and rear windows, door surrounds, Top Arch bar(s), tailgate bar, and all hardware for installation
- Features Sunrider® sunroof for open air driving
- Made of high grade premium fabric that maintains its shape in all temperatures, is mildew resistant, and contains UV inhibitors
- High strength steel and OEM style thermoplastic polymer hardware
- All models include quick release bow knuckles that help easily remove the hardware from the vehicle
- Includes Bestop® bow mount adjustment plate for tensioning your top
- Tailgate bar allows you to open tailgate without opening the rear window for trouble free access
- 2-Door applications feature Top Arch bar that spans above the front seat area to keep top tight and helps minimize puddling and retain top shape
- 4-Door application has 2 removable Top Arch bars that span across the front and rear seating areas
- Please Note: This soft top has a minimalist design and does not fold completely down. For tops with full convertibility, check out our Supertop Ultra and Trektop Ultra for the JL Wrangler.

Removable and replaceable tinted windows with top-of-the-line YKK scoop count zippers

Patented door surrounds offer factory-exact fit and finish

Exclusive Top Arch bar(s) support the top fabric to minimize wrinkles and water puddling

Adjustable bow system helps keep fabric taut and includes Bestop® quick-release bow knuckles

TREKTOP™

TREKTOP™ GLIDE™

The Trektop Glide is a state of the art soft top with the superior Bestop fastback styling. The innovative folding frame design lets the Trektop Glide function like a convertible top, simply slide out the zipperless window panels and fold the top behind the rear seat for a full open air ride. For full coverage, the Trektop Glide is fast and simple to close.

TREKTOP™ ULTRA FOR JL

The Trektop Ultra takes our most advanced soft top for the Jeep Wrangler JL (Supertop Ultra) and adds the coveted fastback styling!

- Features the fastback (slant back) appearance
- Flow Back technology using Bestop's patented Guide Track system simplifies your access to open air - the entire top slides neatly into the cargo area
- Patented lift assist makes it simple for one person to shift the top from fully retracted to Sunrider feature
- Run in four ways: fully enclosed, Sunrider open, Safari-style bikini or fully open

JEEP			
18-23	Wrangler JL 4-Door	Black Twill	BES-54925-17

TREKTOP™ SLANTBACK

- Run as fully enclosed, all season soft top or remove the sides and rear window and enjoy as a bikini (options for a variety of window configurations)
- New Sunrider™ design allows the top to open from inside the vehicle with an unobstructed view without the front arch bar (Sunrider™ hardware is made of high strength steel and engineered thermoplastic polymer) (except T.J.)
- Improved fabric positioning and tension with the Bestop™ F.I.E. System (Fabric Install & Tensioning System) only on JK 4 door models
- Hybrid zipper/zipperless design utilizes patented zipperless technology to allow for easy removal of window panels and zippers on rear panel provide security and easy changes in configuration
- Kit includes: soft top fabric, patented factory exact door surrounds, tinted and replaceable windows, integrated header, tailgate bar, and Sunrider™ feature
- Works with all factory full- and half-stool doors as well as Bestop™ door kits (sold separately)
- Tough, 28 oz multi-ply, premium grade Sailcloth material offers OEM quality noise reduction and insulation
- Tinted, removable 30 mil thick windows are DOT approved
- Premium Twill fabric has superior durability and is featured on high-end sports and luxury cars
- Elegant, smooth and wrinkle-resistant fabric containing no PVCs. Is easy to clean, and is more flexible with a softer feel and superior cold weather performance than Sailcloth fabric.
- Industry leading 40 mil, DOT approved vinyl side and rear windows have 50% tint to help keep interior cooler in warm weather
- Black Diamond fabric units stocked at GrandWest. Available in premium Twill (Black, Crushed Red Pepper, Navy Blue, Granite Grey, Oak Tan, or Pebble Beige) by special order.

Soft top fabric, patented factory-exact door surrounds, tinted & replaceable windows, integrated header, tailgate bar, and Sunrider™ feature

AMFIB™ SNORKEL FOR WRANGLER JL / GLADIATOR

We engineered the AMFIB™ Snorkel System for Wrangler JL with an aesthetic design inspired by the JL's fender vents, so that it looks more like part of the vehicle. The low-mount intake is the focal part of the system. Also available is our high-mount ram intake. It mounts in minutes and pulls in fresh air from the top of the windshield for confident fording of rivers and streams. Also available is a pre-filter element for use in the dustiest of desert conditions. A convenient manual drain valve at the lowest part of the system allows any negligible water migration to be drained from the system.

18-23 WRANGLER JL 3.6L & 20-23 GLADIATOR 3.6L
 Low/High Mount Snorkel System | RGG-17756.31
 Low Mount | RGG-17756.35
 High Mount Extension | RGG-17756.36
 Ram Inlet | RGG-17756.37

XHD SNORKEL KIT FOR WRANGLER JK

Dusty Trails Rides and Deep Water Fordings. Anyone who takes their rig off-road is likely to encounter these conditions. The new Modular XHD Snorkel System from Rugged Ridge relocates the vulnerable stock air intake location to help reduce dust clogged filters and the risk of hydro-locking your engine. It is also the first snorkel designed with the modular functionality of a Low Mount and Ram High Mount air intake design. The system is manufactured from premium thermoformed plastic, mandrel bent aluminum and high temperature silicone connection hoses. Built-in manual drain valves channel away excess water to prevent it from entering the intake system. It installs with minor modification to the fender, but without the major cutting and surgery that other kits require.

07-18 WRANGLER JK 3.6L/3.8L
 Low/High Mount Snorkel System | RGG-17756.21

THROTTLE BODY SPACER

The Rugged Ridge Throttle Body Spacer raises the throttle body 1" above the intake manifold. The additional space helps optimize power and performance by drawing in colder denser air. And, the large bore design allows your system to inhale a larger volume of air. It features solid aluminum construction with a stick anodized finish, and adds bolt-on performance for 3.6L engines.

12-23 WRANGLER JK / JL 20-23 GLADIATOR
 12-23 JK / JL / Gladiator 3.6L | RGG-17755.03

OFF-ROAD JACK MOUNTING BRACKET

Save cargo space - carry an off-road jack on the outside of your vehicle. Fast and easy bolt-on installation. Compatible with stock and most aftermarket rear bumpers without tire carriers. Fits most off-road style jacks including Hi-Lift.

BUSHWACKER

JEEP FLARES

HYPERFORM FENDER FLARES®

HyperForm Fender Flares are constructed from a unique thermoplastic compound that offers the same exceptional flexibility that's made Bushwacker famous. And while durability is good, it's even better when it accompanies capability. So we made sure to mount the HyperForm flare high & tight to the body and out of harm's way, with a refined contour to the flares back edge- no more trapped stones and debris grinding against your precious paint!

While the HyperForm was built to perform on the trail, it's got the looks that make it at home on the streets just as well, with a sharp, dual-textured finish that combines well with the Wrangler's OE trim and cutting-edge DRLs with dual-output LEDs that provide a cool, classy accent that adds visibility and enhances safety. And with a simple, no-drill installation and 5-year warranty, HyperForm Fender Flares are engineered to perform.
