LEER TONNEAU ADVANTAGES

- **LEER FLEXSEAL:** Attaches at the front of the truck bed, unfolds as the tonneau opens and covers the gap between tonneau and bed, keeping water, snow and dirt out.
- **LEER SUPER LIFT SYSTEM:** Carefully balanced gas props and lifting arms provide the proper pressure to make opening and closing the tonneau easy.
- **LEER HIDDEN LOCK LINKAGE:** No bending or snagging exposed lock rods or cables – LEER lock linkage is hidden and protected for trouble-free operation, improved security and better looks.
- **TRIMLESS FINISHED EDGES:** No unsightly add-on vinyl to cover an unfinished edge – the LEER trimless edge is carefully finished and painted, to provide the best possible look and fit.
- **OPTIONAL LEER KEYLESS REMOTE:** The LEER keyless entry system locks and unlocks your LEER tonneau with the press of a button.
- **LEER 4-BAR HINGE:** Moves the tonneau up and away from the truck bed, allowing a better fit, better clearance and easier adjustments.
- **LEER TWIST HANDLE:** Cast aluminum easy grip handle opens easily, has flip-up door to protect key slot and adapts to optional keyless remote.
- **THULE® RACK SYSTEMS:** Gear your tonneau for adventure with an optional multi-purpose rack system and accessories for outdoor equipment including bikes, skis, snowboards, and surfboards. An exclusive partnership teams LEER with Thule®, the leading manufacturer of automotive rack products.

ROLL-N-LOCK® M-SERIES™ TONNEAU COVER**The Most Advanced Truck Bed Cover Ever Made.****M-SERIES RETRACTABLE TRUCK BED FEATURES:**

The M-Series retractable truck bed cover provides you the security of a hard cover, smooth appearance of a soft cover, and convenience of a retractable cover. Its durable vinyl over-aluminum hybrid cover design is dedicated to four season protection and optimal bed security. It tackles durability while remaining exceptionally easy to operate with its unique frictionless construction and insulated grip lever. Simply use its key to unlock the cover and begin to open towards the cab as it retracts into its compact canister. The M-Series can open, lock and close without even opening the truck's tailgate and locks in multiple open positions. Roll-N-Lock's M-Series retractable truck bed cover has a quick and easy install, and backed by a 3 year warranty.

Torsion Spring Equipped

On the M-Series™ tonneau cover, Roll-N-Lock employs a heavy duty torsion spring drive, which is housed in a 3" aluminum reel to ensure years of reliable use.

Drainage

Recessed drain fittings ensure rapid and complete drainage of the unit housing.

Built-in Tailgate Lock

Keep cargo safe with the integrated tailgate lock. The patented, four-point locking system provides instant security by simultaneously securing the tailgate and bed cover. Not available on all models.

Clamp-On Installation

Roll-N-Lock's patented clamp on track design greatly simplifies the installation process while minimizing the need for drilling holes on most trucks.

JACKRABBIT TRUCK BED COVERS

THE ORIGINAL JACKRABBIT®

Hard-Cover Security, Soft-Top Look

MATTE FINISH

JackRabbit's weather-resistant, padded Armortek™ deck is laminated to rigid aluminum panels. It offers the strength and security of a metal cover but with the look and feel of a soft cover.

Features

- Exclusive Continuous Tension Spring™ (CTS) allows the cover to open automatically when the latch is turned and retract into a canister at the front of the truck bed.
- Cover panels glide along black powder-coat rails.
- Built-in pull strap engages the latch at 12" intervals on short and long bed models
- Advanced low-profile, independent latch-and-lock handle system.
- No-drill, clamp-in design (in most applications) for quick, drill-free installation.
- Full-length handle and over-the-tailgate seal enhance the cover design.
- Fits most 5th wheel trailer hitches (High point of the 5th wheel must be 2" below the bed rails.
- Three-year limited warranty

TONNO PRO

TONNO FOLD

The Tonno Pro TonnoFold soft tri-folding tonneau cover has become the fastest growing truck bed cover in its class and for good reason! Our TonnoFold tri-folding tonneau cover comes completely assembled and installs in 10 minutes or less – NO DRILLING is required! You'll enjoy security and protection for your cargo and truck bed in just a few minutes.

The three sections of the TonnoFold are hinged together making it easy to fold it into a more compact unit. You can remove it in seconds when you have oversized cargo or simply fold it forward to lock it in place for smaller loads. When you choose a TonnoFold tonneau cover, your truck bed, cargo, and wallet, will thank you!

SR250 SOFT ROLL-UP COVER

Innovative yet simple, the SR250 is the ideal economical option to keep your truck bed covered.

The SR250 offers features you won't find anywhere else - like our LEER CYNC™ pinch release latch system that locks down the cover or opens the cover one handed from either side of the bed. And it gets even better. You can roll the cover back and secure it in place for full access to your bed, or unroll it to seal everything up - very easy. And when you drive with the cover in place, the aerodynamic profile reduces wind resistance, lowering your fuel costs. There's nothing else like the SR250.

- Exclusive CYNC™ latching system allows opening from either side
- Automatic tension adjustment - no tools required
- Double-coated, commercial grade reinforced vinyl
- 5-year Limited Warranty

LATITUDE SOFT FOLDING COVER

Keeping your cargo safe in extreme conditions just got easier with our Latitude soft tri-fold tonneau cover.

An efficient self-tensioning system and added security fasteners keep the attractive vinyl cover in place. Opening and closing the cover is a snap - the system can be closed with the tailgate open or shut, you can control it from either side of the truck bed, and it only takes two fingers to release the latch.

Beautifully rounded reinforced corners and easy maintenance make Latitude your best flexible folding cover choice.

- The LEER patent pending CYNC™ latching system makes it easy to open the cover from either side with 2 fingers.
- CYNC's unique, adjustable catch plate allows for mounting the system close to the tailgate for easy access.
- Sturdy yet flexible and rugged vinyl cover material is designed to give years of service
- Limited Lifetime Warranty

HF350M HARD FOLDING COVER

Need to install a tonneau fast? This one doesn't even require tools. And it's dent-resistant, keeping your valuable load safe.

Beveled edges allow the HF350M to shed water easily, while cushioned seals around the perimeter provide a tight and secure fit. Traveling with the cover open is easy with security straps located at the front of the bed. With its no-drill design (clamp only), one person can quickly and easily install or remove the cover from the truck bed. A backup emergency anchor ensures the HF350M™ will stay on your truck, even in the worst driving conditions.

- Low profile, textured matte black panels
- Easy on, easy off, no-drill installation
- Exclusive CYNC™ latching system for one hand operation from either side of the vehicle
- avoid flimsy pull cables (Patent pending)
- Limited Lifetime Warranty

HF650M

HARD FOLDING COVER

This durable, weather-resistant cover is engineered to provide higher-quality reliability and performance than any other truck bed cover on the market.

The patented HF650M Hard Folding Cover has a sleek, 12MM low-profile design superior to all other truck bed covers. The HF650M offers ultimate flexibility with four lightweight yet durable panels to accommodate loads of all sizes, surpassing competitors' product utility capabilities and making any hauling job a breeze. The HF650M also offers a superior water management system - requiring no drain tubes - multiple latching positions, and much more.

- True flush mount, hard folding cover offers a sleek look
- LEER's industry exclusive CYNC™ latching system allows easily opening the cover with two fingers from either side of the truck bed
- Drill-free installation provides easy on and off
- 4 Panel design allows for 3rd brake light visibility when cover is open
- 3-year Limited Warranty

BED COVERS

Introducing the next generation of covers - the UnderCover ULTRA Flex folding cover. ULTRA Flex combines the best of both worlds, the security of a hard locking cover and the convenience of a soft cover. No other folding cover can match ULTRA Flex for versatility, security and function.

THE NEXT GENERATION OF FOLDING COVERS

FOLDING POSITIONS

The Ultra Flex provides three secure riding positions: Full coverage, 3/4 bed access, and full bed access with the cover in a propped position for maximum storage.

LOMAX™ HARD TRI-FOLD COVER BY ACI

STRENGTH. STYLE. SECURITY.

Reinventing how a hard cover should be.

HARD TRI-FOLD COVER

Changing the game, LOMAX™ Hard Tri-Fold Cover is the epitome of strength with industry changing style. The ultra low profile design and textured matte black finish of the truck bed cover merges seamlessly with your pickup truck for a simply irresistible appearance. There is no such thing as too much detail. From the water-shedding design to the easy install and removal, LOMAX™ Hard Tri-Fold Cover is engineered with performance in mind. This is what a hard folding tonneau cover should be.

EASY TO REMOVE AND REINSTALL

LATCHING SYSTEM

Release both locks simultaneously by pulling the synthetic cord from either side.

SLEEK LOW PROFILE DESIGN

Less than 1/2" above the box and blends seamlessly with your truck for a sharp, clean appearance.

STRONG YET LIGHTWEIGHT

Extruded aluminum channels reinforce the panels to support up to 400 lbs. evenly dispersed weight, while weighing 50 lbs. for a high strength-to-weight ratio.

INTEGRATED STORAGE CLIPS

Sleek, retractable storage clips hold cover secure. No adjustments are needed.

STANCE HARD TRI-FOLD COVER

The LOMAX™ STANCE™ Hard Cover brings increased versatility and functionality to your pickup with our behind the cab design. This black urethane tonneau cover enables secure storage when closed and full bed use when in the vertical position. Constructed from strong aluminum alloy panels with aluminum channels and durable weatherproof seals, LOMAX™ STANCE™ Hard Covers keep the elements out of your truck box. New RIGIDLINK™ Locking System prevents direct contact with rear window and secures the truck bed cover in an upright position without the need to remove for full bed usage. The powder coated steel pivot links with rubber bushings and rooftop anchors prevent vibration noise and the cover for resting against rear window when vertical. Offering an easy installation without the need for removal, this hard folding tonneau cover makes loading and unloading your bed simple and convenient. It's time to flip in to a new cover with LOMAX™ STANCE™ Hard Cover.

RIGIDLINK™ LOCKING SYSTEM
Solidly secure cover at approximately 90° angle for full bed usage and prevent contact with truck's rear window.

STRONG YET LIGHTWEIGHT
Extruded aluminum channels support panels to hold up to 400 pounds of evenly distributed weight, while weighing approximately 60 pounds for a high strength-to-weight ratio.

WEATHERTIGHT SEAL
Water-shedding design and waterproof hinges combined with continuous seal along the entire length of side rails route water away from the box without gutters or drains.

MOLDED STORAGE BRACKETS
Retractable bungees hold tonneau cover secure while standoffs with rubber pads keep panels properly spaced in the folded position. No adjustments needed.

ROLL-UP COVERS

With renowned capability, the industry first ACCESS® Original Roll-Up Tonneau Cover has set the standard since 1991. Sitting 1-1/2 in. above the truck box, this premium tonneau cover rolls open in seconds and stores securely behind the cab with our patented cab guard design and durable nylon straps. The patented AUTOLATCH™ II Dual Locking System ensures items in your truck bed remain secure and protected when cover is closed. These truck bed covers seal on all four sides while the ELEMENT SEAL™ Gasket increases protection at bulkhead to protect your gear in any weather condition. To get the sporty look you want and the versatility you require, make sure to own the ACCESS® Original Roll-Up Cover with our exclusive SLANTBACK® Rear Design.

LOCKING SYSTEM

Patented AutoLatch™ II features an automatic dual locking system that releases both locks with one downward pull on the latch cord.

ELEMENT SEAL™

Hook & loop fastening system provides a high strength seal that runs full length of bed.

TIGHT BITE™ CLAMPS

Installs in minutes with 6 clamps.

TENSION ADJUSTMENT

The XT-Dial™ features an easy grip tension adjuster enabling direct tension control with the turn of a dial.

LORADO LOW PROFILE ROLL-UP COVER

Premium quality, functionality and performance rolled into one, the sleek ACCESS® LORADO® Roll-Up Covers are just your style. One size does not fit all as each ACCESS® LORADO® Roll-Up Cover is model specific, resulting in smooth, clean lines and the tightest fit. This low profile tonneau cover sits merely 1" above the truck box and the commercial grade, UV protected vinyl is engineered to perform in both extreme hot and cold climates. To protect your gear, the patented AUTOLATCH™ II Dual Locking System automatically secures when the cover is closed. When you want everything to look just right on your pickup truck, reap the reward for work well done where precision comes standard in every ACCESS® LORADO® Roll-Up Cover.

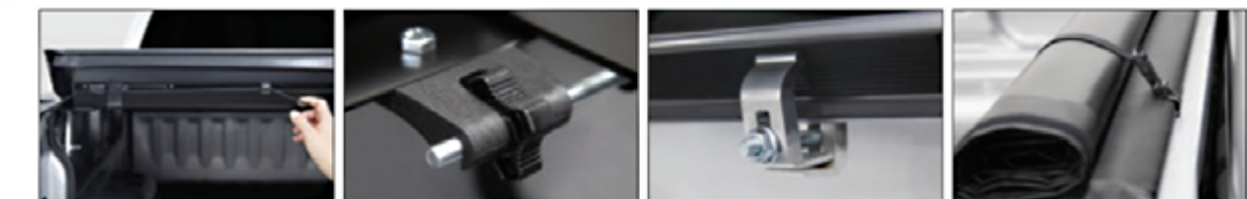

TOOLBOX EDITION ROLL-UP COVER

ACCESS® Toolbox Edition is specifically designed to fit behind most over-the-rail toolboxes. Cover does not interfere with operation of the toolbox. It can easily be opened with the cover closed or rolled open.

- Forms a tight barrier between your truck and cover
- Combined with the front and rear reinforced vinyl seal - the cover is sealed on all four sides

ELEVATE

RACK SYSTEM

COMBINING A RACK AND TRUCK BED COVER
HAS NEVER BEEN EASIER

Delivering more storage options and overall space to your pickup truck, the **ELEVATE RACK SYSTEM** by Truck Hero will guarantee your next journey delivers maximum fun and adventure.

This unique system also allows you to install your preferred inside mount **TRUCK HERO** tonneau cover. Be it soft or hard, rolling or folding, the full functionality of your tonneau will remain at your disposal.

First, Choose a rack based on your truck type:

- With a wider crossbar profile, the **ELEVATE FS RACK** can be paired with Full Size Truck
- With a narrower crossbar profile, **ELEVATE CS RACK** can be paired with Compact & Small trucks.

Next, determine the length of the truck bed and choose the correct rail:

- The **ELEVATE TS RAIL** comes in a variety of lengths to fit Jeep Gladiator, Compact & Small trucks, Full Size extra short beds, Full Size short beds and Full Size long beds.

Please note that if your truck bed cover is already equipped with a T-slot channel, simply slide the **ELEVATE FS** or **CS RACK** directly into the integrated T-slot channel. The use of an **ELEVATE TS RAIL** is not required.

ELEVATE RACKS

- **ELEVATE FS RACK** designed for Full Size trucks
- **ELEVATE CS RACK** designed for Compact & Small trucks
- Adjustable height of 18" to 28"
 - » 18" for easy access
 - » 28" when cab clearance is required
- Robust aluminum construction
 - » Maximum on road of 750 lbs.
 - » Maximum off road of 250 lbs.
- Durable, textured powder-coat finish
- Can be installed, adjusted or removed in minutes
- Strong enough to carry bikes, kayaks, rooftop tents, baskets, ladders and more
- Compatible with most inside mount truck bed covers (when installed with ELEVATE TS RAILS)
- Integrated T-Slot channels engineered to accept various tie downs, mounts and cargo accessories
- Some assembly required, 30-minute install
- Limited Lifetime Warranty
