# ULTRACAR APPLE CARPLAY

## MERCEDES \$1699

- Wireless & Wired Apple CarPlay
- Wireless & Wired Android Auto support
- Full-Screen Mode

Ultracar Apple CarPlay is a multimedia bridge connecting your phone to your Mercedes either wirelessly or via cable. It is fully integrated with the native iDrive display and controller, and feels and works like OEM Mercedes Apple CarPlay. With its user-friendly and instinctive interface, this Apple CarPlay retrofit makes it easy to use many of your iPhone's apps in full screen on your Mercedes native dashboard screen.
