CROSS BAR OPTIONS

RHINO-RACK

HOW MUCH CAN THEY CARRY?

This varies considerably from vehicle to vehicle, so always check our website for your specific vehicle model, or speak to your local expert dealer. As an example, our Trackmount systems are rated from 220lbs for a two crossbar system to 330lbs for our 3 bar system. Always remember that our engineers design all our roof rack systems according to the available capacity of the vehicles roof as specified by the vehicle manufacturer.

CROSS BAR OPTIONS

VORTEX (VA)

PERFECT FOR:
Recreational and commercial use. This is the most versatile crossbar on the market.

Vortex VA	Colour	Length	Vortex VA	Colour	Length
VA106B	Black	42"/106cm	VA137S	Silver	54"/137cm

3 3

- Strengthen and reinforce Pioneer Systems.
- 10 tabs included.
- Comes with all the nuts, bolts, washers and tabs.

PIONEER LEG SPACERS

1

Designed to raise the Pioneer Roof Trays to allow the legs to slide out wider onto the Rhino-Rack Backbone system developed for the JEEP JK Wrangler. 4 spacers are included in this kit.

For a Pioneer system. Attached between either a Rhino-Rack or leg and a Pioneer Platform or Tray, these spacers will raise the Pioneer to allow the legs to slide out wider, approximately by 75 mm overall. This allows each of the Pioneers to fit a wider range of vehicles, with the option of choosing a narrower tray/platform rather than a larger one.

3

2 x 5 mm height spacers

Slides in and out of the STOW iTbase bracket for flexible mounting options. Base bracket can be fixed directly to Pioneer platforms, Recon-Deck bars and Vortex bars. Built tough for the harshest outback terrains. To be used with STOW iTStarter Kit base bracket (SSIT)
Contents Included: Pair of Roller Adaptors, hardware & Torx driver bit.

RHINO-RACK

RECONN-DECK BARS

Rhino-Rack Reconn-Deck Roof Rack Bars are strong and durable. They have integrated channels on all four sides, allowing the mounting of accessories. They are available in three different preset lengths to suit a range of vehicles. Create a Reconn-Deck platform by combining Reconn-Deck Bars and Reconn-Deck NS Bars. Choose the configuration that best suits your adventure, with two Reconn-Deck bars and up to four Reconn-Deck NS bars to customize your rig.

- Reconn-Deck bars feature integrated channels on all 4 sides for mounting accessories
- Made of powder-coated aluminum, for optimum corrosion resistance
- Removable end caps for easy installation of accessories
- Security locks included
- Compatible with most Rhino-Rack Pioneer roof rack and crossbar accessories
- Possibility of installing 3 crossbars on certain vehicles with longer bucket seats

- Bars can be moved/spaced to meet specific user needs
- Bottom channels are accessible to mount recovery rails, shovel or other accessories
- Designed and made in Australia
- City tested for crashes and durability to ISO standards
- Load capacity up to 150kg/330lb on-road and off-road and up to 375kg/826lb static load

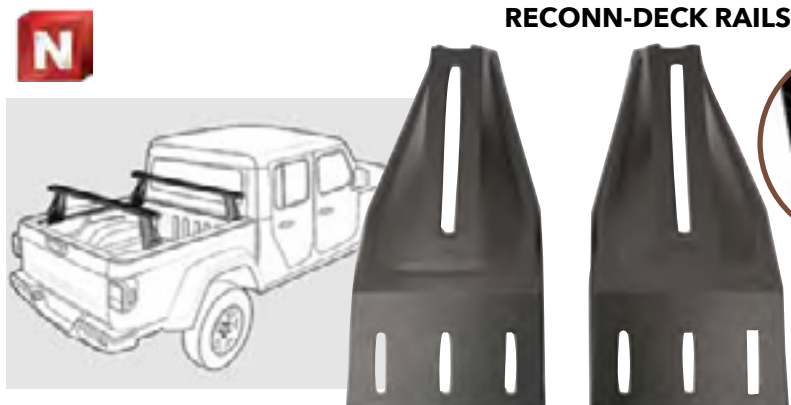

#	Description	Length
1	Single	1260 mm (50')
150	Single	1500 mm (59')

STOW IT STARTER KIT

The STOW iT Starter Kit is an accessory bracket that offers versatility like no other. Simply fix the base brackets to the perimeter channels of a Pioneer platform or Rhino-Rack crossbar, and you have the convenience and flexibility to add, remove or swap accessories with ease to suit your needs. To get started, the kit comes with Universal Adaptors ideal for mounting a Sunseeker awning, the award winning STOW iT Utility holder or any other applicable Rhino-Rack accessory. When mounting light bars or rollers, separate adaptors are sold that can be used in place of the Universal Adaptor.

- Allows quick and easy removal of side mounted accessories for flexible mounting options or storage
- Compatible with other STOW iT adaptors for more accessory mounting options
- Base bracket can be fixed directly to Pioneer platforms, Recon-Deck bars and Vortex bars
- Built tough for the harshest outback terrains
- Durable and aesthetic finish
- Includes the new patented Zwifloc channel nuts that allow the brackets to be placed anywhere on the side rail without moving other accessories. The Zwifloc nut simply drops into the channel, so there is no need to slide into position.
- Contents Included: 4 STOW iT Base Brackets, 4 Universal Adaptors, 8 x Rhino-Rack patented hardware - Zwifloc & Torx driver bit
- Capacity: 20 kg / 43 lb per pair

VORTEX SX LEG KIT FOR ROOF RACK

RHINO-RACK

The SX roof rack system is specifically designed for use with roofs fitted with rails. Easy to install and remove, it comes with security accessories to protect your bars against theft. Another advantage of Vortex bars is that you have access to a large selection of compatible Rhino-Rack accessories. So whether you're a traveler, cyclist, surfer or contractor, the SX roof rack system can meet all your needs.

Features :

- Removable
- Quick and easy install/uninstall
- Includes safety accessories
- Easy access to bar profile allows quick installation of accessories
- Solid and made to last
- Suitable for moderate off-road use
- Compatible with many accessories
- Product tested and approved to Australian Standards AS1235-2000
- Black
- Pack of 4

0

This all purpose L Shape Upright Fitting plate is made from corrosion resistant powder coated steel. The Fitting Plate is ideal for various fitting applications such as setting roof rack bars in custom configurations, creating cantilever shelves in your trailer to store kayaks or SUPs and for handy solutions to any storage concerns. The L Shape Upright is designed to fit perfectly in the width of the Heavy Duty bar so there won't be any overhang and it can be fitted to the top side or bottom of the bar for ease of use.

Features :

- Black Powder Coated Steel is non-corrosive - no rusting or fading
- Made from strong and durable materials
- Also fits the Rhino-Rack Vortex bar
- Adaptable to suit your needs
- Great for attaching shade awnings and other accessories to roof racks
- Ideal for various fitting applications
- Creating cantilever shelves in your trailer to store kayaks or SUPs
- Designed to fit perfectly in the width of the Heavy Duty bar so there won't be any overhang
- Can be fitted to the top side or bottom of the bar for ease of use

• Carries up to 6 pairs of skis or 4 snowboards.
• 75 cm loading width

PADDLEBOARD CARRIER

SUP TAXI XT

10001

Cap.: 25 kg • Weight: 7.6 kg
Dim.: 86 to 102 x 17 x 16 cm
• Newly designed push button lock system allows for quick and easy locking strap operation and security.
• Exclusive, telescoping design delivers a custom fit for board widths up to 34" wide.

VERSATILE WATER SPORT CARRIER

COMPASS

0000

- Multiple ways to carry: Single kayak in J-style or saddle configuration, two kayaks in stacker mode and up to two SUPs in saddle mode.
- Maximum protection of kayaks and stand-up paddle boards thanks to the thick rubber saddles and padded upright
- Accommodates kayaks up to 36" wide and a maximum kayak weight of 130 lb.

KAYAK RACKS

DOCKGLIDE

001

- Easily load and unload the kayak with the pivoting felt-lined rear saddles.
- Two independent pivoting saddles with angle-setting lever.
- Protects the hull with large, flexible, cushioned pads.
- Fits a variety of rack systems.
- Accommodates kayaks up to 36"/90 cm wide and 75 lb/35 kg

DOCKGRIP

5001

- Protects the hull with large, flexible, cushioned pads.
- Fits a variety of Thule rack systems, round bars and most factory racks due to T-Track and FlipFit brackets.
- Accommodates kayaks and SUPs up to 36"/90 cm wide and 85 lb/40 kg.

HULLAVATOR PRO

001

Cap.: 35 kg
89.7 x 15.2 x 42.3 cm
Weight: 17.5 kg

- Load and unload your kayak on your own, thanks to the gas-assist struts that lift and lower 40 lb of the kayak's weight and lowers it up to 3'.
- Maximum protection for your kayak, thanks to 8 touch points of padded support.
- Aluminum, double-coated steel construction for corrosion resistance.
- Includes Thule QuickDraw bow and stern tie-downs for transporting 1 kayak.

HULL-A-PORT AERO

000

Cap.: 59 kg • 50 x 22 x 50 cm
Weight: 5.6 kg

- Quickly raise or fold when not in use using the convenient front release handle
- Easily manage load straps while strapping down the kayak using the integrated StrapCatch
- Kayaks are protected during transit due to the durable and soft rubber padding
- Theft resistant design keeps carrier securely attached to load bars (locks included)
- Easy to install directly into the Thule WingBar Evo or AeroBlade T-track, or around Thule SquareBar* via the integrated, tool-free mounting hardware (*SquareBar requires an adapter)

ROOF MOUNTED BIKE CARRIERS

PRORIDE XT

5 00

Cap.: 20 kg • Dim.: 147.3 x 34.3 x 10.2 cm • Weight: 2 kg

HITCH BIKE RACKS

APEX XT 4

0 5

Cap.: 68 kg • Dim.: 106.9 x 27.9 x 93.9 cm • Weight: 16 kg
For receivers: 1 1/4" & 2"

- Quickly attach bikes and easily secure them to the rack using the ratcheting cradle strap
- Lock bikes to the rack using the integrated cable lock (lock included)
- Easily fold down bike arms when rack is not in use
- Convenient access to the rear of the vehicle using the HitchSwitch lever to tilt the rack down
- Quick to install and easy to lock the rack to the vehicle due to the tool-free, SnugTite stinger (lock included)
- Easily transfers between 1.25" and 2" hitch receivers

APEX XT SWING 4

0

Cap.: 68 kg • Dim.: 107 x 27.9 x 102 cm • Weight: 19 kg
For receivers: 2"

- Lock bikes to the rack using the integrated cable lock (lock included).
- Quickly attach bikes and easily secure them to the rack using the ratcheting cradle strap.
- Quick to install and easy to lock the rack to the vehicle due to the tool-free, SnugTite stinger (lock included).
- Easily opens and closes with the pull of a pin.

CAMBER 4

05 00

Cap.: 68 kg • Dim.: 107.1 x 27.9 x 90.4 cm • Weight: 16 kg
For receivers: 1 1/4" & 2"

- Superior bike stability and fit with integrated anti-sway that prevent bike to bike contact and "disappears" when not needed.
- Quickly attach bikes and easily secure them to the rack using the ratcheting cradle strap.
- Effortlessly fold down bike arms when rack is not in use.
- Convenient access to the rear of the vehicle using the HitchSwitch lever to tilt the rack down.
- Easily transfers between 1.25" and 2" hitch receivers.

CAMBER 2

05 00

Cap.: 34 kg • Dim.: 71.8 x 27.9 x 90.4 cm • Weight: 12.7 kg
For receivers: 1 1/4" & 2"

- Superior bike stability and fit with integrated anti-sway that prevent bike to bike contact and "disappears" when not needed.
- Quickly attach bikes and easily secure them to the rack using the ratcheting cradle strap.
- Effortlessly fold down bike arms when rack is not in use.
- Convenient access to the rear of the vehicle using the HitchSwitch lever to tilt the rack down.
- Easily transfers between 1.25" and 2" hitch receivers.

HITCH BIKE RACKS
T2 PRO XTR 2

Dim.: 137 x 109 x 38 cm
Weight: 23.6 kg

035

Cap.: 45 kg • 2 bikes
For receivers: 1 1/4"

03

Cap.: 55.5 kg • 2 to 4* bikes
For receivers: 2"

*With **03** add-on,
see below

- Versatile design fits nearly all styles of bikes up to 60 lbs with zero frame contact
- AutoAttach system makes installation and removal simple and tool-free
- Integrated wheels help to maneuver the rack on and off the vehicle
- The HitchSwitch lever allows you to tilt the rack down for rear vehicle access or tilt it up when not in use
- Fits 20 - 29" wheels and up to 5" tires without adapters making it ideal for carbon frames, mountain, downhill, or fat bikes
- Integrated cable lock and lock knob locks bikes to the rack and secures the rack to the receiver
- Generous spacing between bike mounts with the ability to adjust side to side to eliminate bike interference

ADD-ON
T2 PRO XT

hitch. Folds down.
Rear reflectors for
nighttime visibility.

JACK-IT BICYCLE CARRIER

429756

The Jack-It's innovative frame design installs over the tongue jack on the trailers A-Frame, the softest riding area on the frame. The BikeWing carrier holds two bikes safely, securely and simply by the wheels. The adjustable wheel cradles and SwayStop straps secure the bike wheels to the bike carrier for a secure ride. The Jack-It allows travel trailer owners to utilize the valuable rear hitch/cargo space for additional gear and gives owners a new cargo utilization space.

CARGO CARRIER
EXPANSE
0515

- 400 lb capacity (100 lb if being used with a compatible Swagman bike rack)
- 5/8" anti-wobble hitch pin
- Reinforced sides
