WESTIN[®] PRO-SERIES FRONT BUMPERS

The Pro-Series Front Bumper from Westin is an attractive, heavy duty, "winch capable" upgrade. Keep your OEM features while achieving looks and functionality. Built for adventure, this bumper is ready for anything standing in its way. The Pro-Series was engineered to improve both approach angles and ground clearance for enhanced off-road capabilities. Constructed with a 10 gauge steel bumper shell the Pro-Series is designed for maximum strength and durability. With a heavy duty 1/4" steel center section capable of holding a 12K lbs. winch and welded recovery mounting points, this is all the reassurance you need. Keeping safety in mind, this bumper has provisions for the factory proximity sensors while housing either a single, or double-row 20" LED light bar (sold separately) for those late night excursions. Finished in a 2-stage treatment, the durable E-coat and black textured finish is surely built to last. Includes all the necessary mounting hardware for a "hassle free installation". Backed by a 3-year warranty Westin has you covered.

FEATURES:

- Provides a winch capable upgrade replacement of factory bumper
- Accommodates most winch models up to 12,000lbs.
- Constructed of 10 gauge steel for strength and style
- Heavy-duty 4 gauge winch mount center section
- Has provisions for factory sensors
- Recessed hawse fairlead
- Configured to accept most single or double row 20" LED light bars in the center position - sold separately
- Optional square LED light kit with Westin auxiliary lights available - sold separately (Full Width Bumper only)
- Hardware and mounting brackets included
- E-coated base coat provides long lasting corrosion protection
- Available in textured black finish
- 3-Year Warranty

Footnotes:
⁶ Compatible with most medium frame 8000-12000lb winches.
⁷ Compatible with one 20" single or double row LED light bar.
⁹ Roller fairlead will interfere with parking sensor.
¹⁰ Compatible with TRD skid plate.

¹¹ Small Hook welded to frame needs to be cut off.
¹⁴ Not Compatible with Talon Series winches.
¹⁵ Active cruise control module needs to be relocated.
¹⁷ Superwinch Talon winch fits at a slight offset position.

WESTIN[®] PRO-SERIES REAR BUMPERS

"High and Tight" best describes the great looking Pro-Series Rear Bumpers from Westin.

This "off road style" rear bumper features a light weight, slim, one-piece design, adding a modern, aggressive look to your truck. Built to improve ground clearance and departure angles when driving in more rugged terrain. The Pro-Series Rear Bumper is fully compatible for OEM parking sensors, and hitch. It also includes two LED license plate lights and can accommodate LED back up lights (sold separately). Featuring a textured black finish with an e-coated base coat, providing long lasting corrosion protection from the elements with easy bolt-on installation.

FEATURES:

- Lightweight, slim modern design
- Increases ground clearance and angle of approach
- Constructed of 10 gauge steel for strength and style
- Accommodate for OEM hitch and LED back up lights
- Custom laser-cut Westin logo
- Hardware and mounting brackets included
- E-coated base coat provides long lasting corrosion protection
- Bolt-on Installation - no drilling required
- Available in textured black finish
- 3-Year Warranty

²¹ Requires minor bending/trimming of hitch sheet metal.
^{*} 3-Piece design, 14-21 Tundra

WESTIN

HDX BANDIT BUMPERS

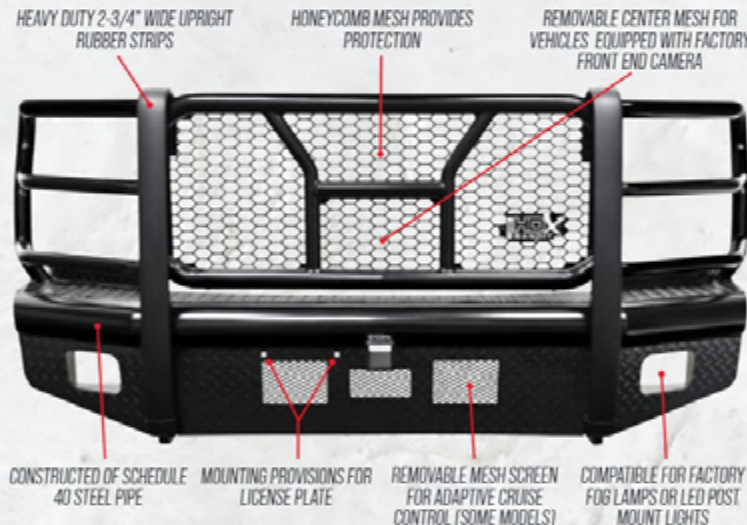

HDX BANDIT BUMPER BLACK POWDER COAT FINISH

Westin's HDX Bandit Bumper combines a heavy duty diamond plate steel bumper constructed of schedule 40 steel pipe with a stylish grille guard featuring 2" diameter outer wrap around wings and 2 3/4" wide upright rubber strips. Designed to protect headlights, grille, hood and front fenders from road hazards, debris and wildlife damage.

Features a stylish metal honeycomb mesh screen, which allows maximum airflow to the intercooler or radiator area while accenting the front end styling with a clean and rugged look. Removable mesh screens allow for factory camera and adaptive cruise control options available on some late model applications.

HDX Bandit Bumper includes a built-in 2" receiver hitch and (2) heavy duty 9,500 lb. bow shackle mounts, capable of delivering multiple towing options. Compatible with factory fog lamps or LED post mount lights. In addition, some late model applications feature provisions for factory parking sensors. Bolt-on installation with hardware and mounting brackets included. Available in black powder coat finish.

FINISH: Black Powder Coat
MATERIAL: E-Coated Steel
WARRANTY: 3-Year

RANCH HAND

**MIDNIGHT™
FRONT BUMPER**

Midnight by Ranch Hand was designed for those of you who go hard no matter what you're doing. Forged by hand, Midnight is a full form-fitting front-end replacement bumper constructed of 3/16" thick smooth steel, while only weighing approx. 175lbs. Midnight is our lightest bumper to date without compromising your expectations of a Ranch Hand bumper.

Midnight's brightest feature is the way it fits the front of your truck. A highly adaptable, sleek, aggressive bumper with the tightest fit you can find.

- Customizable, form-fitting, low-profile design
- 7-gauge sheet metal structure with 1/4" steel brackets and 12-gauge inserts
- Corrosion-resistant, 3/5mm thick, textured matte black powder coat finish
- Accepts 32" light bars on trucks without sensors and 26" on trucks with sensors
- Accommodates OEM fog lights or two 2" x 2" LED lights per side (Tow Hooks must be removed)
- Increases tire clearance for offroad applications
- Lower cutout for increased airflow to engine bay
- Removable Inserts to accommodate OEM camera
- Black anodized stainless steel bolts for inserts

**FOR THOSE WHO WERE UP AT DARK TO WORK.
NOW THEY'RE UP AT DARK TO PLAY.**

Bumper w/o Guard	FFR-FS17-V4161-1
Bumper w/ Pre-Runner Guard	FFR-FS17-V4162-1

OPEN FENDER SYSTEM

From concept to reality. The Open Fender System offers a revolutionary way to run 40" tires with no lift, maintaining a lower center of gravity and aggressive stance.

Can be ordered as a system without flares, or add flares for a complete look (as shown).

Open Fender Systems can be used with Grumper or Open Fender Bumpers.

Professional installation recommended.

VENGEANCE SERIES

- Light weight: 65 lbs without Guard, 75 lbs with Pre-Runner Guard
- Constructed with 11 gauge US Steel
- Bumper fitment is high & tight to the vehicles body
- 20" recessed center light bar housing
- Side mounting slots & tabs for various lighting options
- Bumper bolts directly to the frame & installs with factory hardware
- Lower cutout for increased airflow
- Provides far more tire clearance

We took the 'ranch' bumper and gave it the unique styling and design that we are known for in our heavy duty plate bumpers. We matched every bumper to the body lines of each model truck. With no vertical flanges, tapered edges and smooth "slick steel" look with semi/texture, semi-gloss powder coat the standard 'ranch' bumper just got a whole new look with the same Fab Fours' quality.

- Full replacement bumper with full grille guard
- Light mounts for factory fog lights
- Optional bolt-on winch mount for up to 16,500 lb winches
- Optional bolt-on 1" D-ring mounts
- Optional bolt-on high flow air guards
- 100% MADE IN THE USA by Fab Fours

SENTINEL HEAVY DUTY BUMPERS

ISO 9001 CERTIFIED

PROTECTING YOU, AND YOUR INVESTMENT™

Heavy Duty Sentinel Series bumpers are made of a single piece of 3/8" angled aluminum extrusion, 2-1/2" high tensile strength tube in front of the grille and 2" over the headlights with .25 wall thickness. The single extrusion and greater diameter tubing gives the Sentinel bumpers significantly more strength and protection over standard ALI-Arc bumpers.
