

COMPANY PROFILE

MADE IN QATAR

AL TAMIMI STEEL

A company backed by a culture of strong work ethic, built on individual's pride and responsibility

As a subsidiary of Al Tamimi Steel was established in 2004 and is one of the leading companies in the fabrication of Steel and Stainless steels in Qatar.

We seek to become a part of the development and realization of the vision of Qatar through the improvement of worker skills and use of industry 2030 standard technology, latest technology and use of high end equipment in order to maintain the existence of our outstanding and highly rated products

We specialize in the manufacturing of high and quality steel products, as well as the design, preparation and construction of structural steel works

We have contributed to many different projects in the state of Qatar, including various infrastructure projects such as the construction of towers, as well as the manufacture of precast molds metal furniture, and fire-resistant doors.

Our Vision

To be the most successful and admired Steel Fabrication Company in Qatar and GCC by providing complete solutions, quality products and services to our customers. Committed to achieve only excellence in all that we do, and ensure that there is a bright future for our employees

Our Mission

To achieve our Vision by consistently delivering extraordinary value to our customers and stakeholders through the building of passionate empowered and high performing teams. We believe in quality manufacturing of construction steel, and that is what we will continue to deliver. We are dedicated to safely producing the highest quality steel products for our customers, delivering them on time and providing them with outstanding integrated service. " Safely providing the market with various kinds, shapes and varieties of quality steel within the scope of sustainable development ".

Our values

Our customers are the center of our focus and initiative with the objective of providing them with unmatched levels of services and products. We actively share information and ideas, enthusiastically working to make those around us better. We believe that our employees are our most valuable resource and do whatever it takes for their continuous training, development and motivation.

COMMITTED TO VALUE ADDED SERVICE AND SOLID REPUTATION

The installation of Computer Numerical Controlled (CNC) production machinery at the plant guarantees precision in our work. CAD software is used for design and detailing. Precision cutting is done by cold saw and plasma torches.

We use an electronic data interchange product that transfers data between the drawing office engineer and steel fabricator electronically. Once a project is detailed and approved, detailing data is transferred to the fabrication lines for processing. In-house supervision of all processes assures efficient turnaround of precision high quality parts. The structural sections and plates are cut to size and shape plasma plate profiling/ oxy-propane cutting machines.

We aspire to be the Local steel industry benchmark for Value Creation and Corporate Citizenship

structure designing, preparing workshop drawings and manufacturing high quality, superior and cost effective steel products and Construction of steel works through well - equipped Manufacturing Facility by the hands of steel experts under the supervision of a professional management , to remain classed as one of the leading companies.

CORE VALUES

We make the difference through

Responsibility

Understanding

Integrity

Unity

Excellence

GSE's quality control system , fabrication and construction procedures are in accordance to the best practices and industry standards . Targeting to meet The quality and HSE which are governed by the requirements of ISO 9001 , ISO 14000 , also international codes and standards related to our industry

AL TAMIMI STEEL

OUR INNOVATION APPROACH

By developing leading edge solutions in technology, processes and products by turning our attention to new methods in an open and creative approach. Our goal is to satisfy our clients. Our work is devoted to constant development and innovation in our products and services. We find the best solutions when the tasks given by our partners are understood, their expectations are met and our performance is appreciated

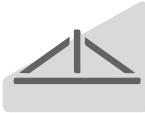

AL TAMIMI STEEL

We have our own fabrication yard with most modern equipment for carrying out sizeable jobs of any structure involving steel. The scope of our work spans supply of materials, fabrication, blasting and painting/galvanizing. Typical projects include: *Single and multi-storey industrial, residential and commercial steel buildings. Steel bridges. «Steel platforms, catwalks, ladders, Stairs, rails, doors, gates, fences, grills, etc. «Storage tanks: Water, oil and chemical, horizontal and vertical, cylindrical and rectangular storage tanks fabricated out of carbon steel and stainless steel. «Pipe support fabrication: Water, oil and chemical carbon steel and stainless steel pipe support fabrication. *Fabrication and installation of stacks/ chimneys with related dampers/ducts.

RANGE OF PRODUCTS & SERVICES

The mission of AL Tamimi Steel is the fabrication , structure design and manufacturing of high quality and cost effective steel and aluminum products , constructions , and steel works through well - equipped manufacturing facilities managed by the hands of highly skilled and trained staff with the supervision of professional experienced management who maintain a staff of highly qualified people into the steel fabrication and manufacturing Industry in order to remain classified among the leading companies in the following

Steel Structure

- Structural steel building .
- Built - up sections (Form Plates for heavy sections)
- Structural steel for Pipe Racks .
- Miscellaneous Structural steel .
- Structural steel for gantries and overhead traveling cranes

Plate works

- Pressure Vessels .
- Stiffened Panels (Casing and walls)
- Stacks and Chimneys .
- Chute and Ducts .
- Tank and Large pipes

Other Services

- Design and Detailing of Structural steel works
- Mechanical Installation
- Roofing System
- Fire Proofing
- Roofing System & Cladding Installation

Pipe Works

- Piping Pre - fabrication
- Piping Installation

Our services

AL TAMIMI STEEL provides a wide range of products and services. Products include aluminum, stainless steel, carbon, and alloy steels. Processing capabilities include plasma/ox fuel cutting, shearing, sawing, punching, and splitting. The employees of Steel Services are committed to providing customers with quality products and services that consistently meet or exceed expectations.

Steel Structure

Successfully partners with building and industrial steel fabricators on a variety of construction projects . With experience specializing in steel girder fabrication, we can take on the most challenging weldments in your steel structure . Increase your next project's efficiency by working with us

Cutting & Metal Forming

Building of metal structures by cutting, bending, and assembling processes. A value-added process that involves the construction of machines and structures from various raw materials

Filtration Plant

We are engaged in presenting a wide range of excellent quality Water Filtration Plants. This plant is designed compact effluent treatment system. It is a complete system, which combines sedimentation tank and biochemical tank.

Micro Tunneling

We are also engaged with Manufacturing and designing micro tunneling into our production portfolio

Welding

Working with metal is both exciting and empowering. As the sparks fly and the heat turns up, welders are able to transform some of the world's strongest materials into the shapes and products they envision. This skill requires work and practice to acquire, and it's best learned with the assistance and guidance of professionals.

CNC plasma & oxy-fuel flame cutting

Our technical service personnel have years of experience in CNC plasma cutting and offer the highest levels of customer service

Minerals and Turnings settlement

Al Tamimi Steel Fabrication Workshop offers at top quality locally fabricated products using highly advanced machinery including Lathe, Drilling, Grinding, threading and Milling, etc

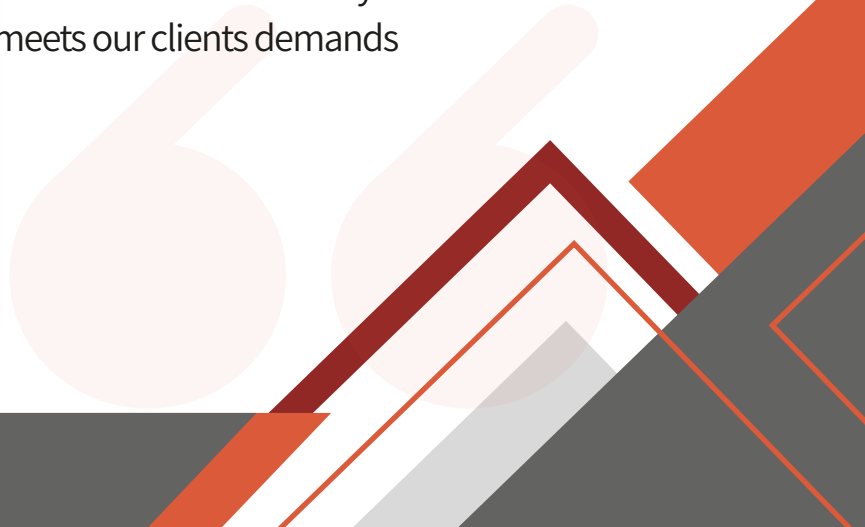

Diesel Storage Tanks

We are a highly acclaimed company for offering Diesel Storage Tanks to the clients. Diesel Storage tanks are available in different capacities to meet the desired needs of our clients

Form Work

We manufacture a variety of steel form works that meets our clients demands

PROCUT PLASMA CUTTING MACHINE

ProCut is designed for heavy operations and offering multiple stations such as plasma and oxy cutting system. Small holes, fine inner and outer contours: the precision of Contour Cut revolutionises the plasma cutting of mild steel.

TULPAR FIBER LASER CUTTING MACHINE

Tulpar Fiber Laser with 1500x3000mm Cutting area, Resonator options upto 2 kw and Monobloc Structure is a one-to-one solution for companies that has lack of space.

OUR CERTIFICATES

Certificate of Registration (Quality Management System)

QFS MANAGEMENT SYSTEMS

This is to Certify that the Quality Management System of

MAHA AL JAZEERA TRADING W.L.L.
INDUSTRIAL AREA, AL BINAA STREET, P.O.BOX: 5105, DOHA - QATAR

Has been found to be of the Quality Management System Standard

ISO 9001:2015

This certificate is valid for the following product or service range
INSTALLATION OF DIFFERENT KIND OF METAL WORK'S SUCH AS STEEL STRUCTURE, CUTTING & METAL FORMING, FILTERATION PLANT, MICRO TUNNELLING, FORM WORK, STEEL CABINET & MINERAL & TURNINGS SETTLEMENT AND FIRE RATED DOORS

Certificate Number: INT/2009MA/0960
Initial Date of Certification: 22.09.2020
Date of Certificate: 22.09.2021
Date of Expiry: 21.09.2022

Surv. Audit Re-certification Due on: 21.09.2023

Director:  Date: 22.09.2021

The validity of certificate is subject to regular surveillance audit on before above mentioned dates and its only valid after successful surveillance with continuation letter issued by QFS. It is issued subject to the continued availability of access at any time and without notice to the above named organization's premises for the purpose of assessment and surveillance regarding the standard named above and QFS terms and conditions

This Certificate remains the property of QFS

Certificate of Registration (Occupational Health & Safety Management System)

QFS MANAGEMENT SYSTEMS LLP

This is to Certify that the Occupational Health & Safety Management System of

MAHA AL JAZEERA TRADING W.L.L.
INDUSTRIAL AREA, AL BINAA STREET, P.O.BOX: 5105, DOHA - QATAR

Has been found to be of the Occupational Health & Safety Management System Standard

ISO 45001:2018

This certificate is valid for the following product or service range
INSTALLATION OF DIFFERENT KIND OF METALWORK'S SUCH AS STEEL STRUCTURE, CUTTING & METAL FORMING, FILTRATION PLANT, MICRO TUNNELLING, FORM WORK, STEEL CABINET & RACKING, MINERAL & TURNINGS SETTLEMENT AND FIRE RATED DOORS

Certificate Number: INT/2009MA/0962

LETTER OF APPRECIATION

Dear Sir,

This is to express our appreciation to **Maha Al Jazeera Trading W.L.L.** (Casing Spacer Manufacturer) for a timely and successful performance on our various projects.

Maha Al Jazeera Trading W.L.L. has carried out their tasks on our project with full cooperation and have conducted their operations with an outstanding approach.

Scope of Work:

- Manufacturing and producing Casing Spacer for using to installation carrier pipes inside sleeve pipes.

Maha Al Jazeera Trading W.L.L. team discharged their services diligently supporting our company to achieve contract delivery time-frame goals as well as in upholding project safety regulations and procedures, thus avoiding any form of accident or harm throughout the contract work.

With reasonable prices and charges, Maha Al Jazeera Trading W.L.L. personnel were cooperative and committed to our project programme schedules and adequately resourced their product; hence we do strongly recommend Maha Al Jazeera Trading W.L.L. for any carrier pipes installation works by using Casing Spacer in Qatar.

Yours sincerely,
For TUNNELS BY MASTERS Constructions W.L.L.

Ref No.: WM/09/22/0232
Date: 19 September 2022

Kind Attention of: **TO WHOM IT MAY CONCERN**

Dear Sir,

This is to express our sincere appreciation to **Maha Al Jazeera Trading W.L.L** (Casing Spacer Manufacturer) for timely and successful performance on our Projects with United Development Co. (Fabrication, Supply and Installation of Comprehensive Design and Build of Community Bus Shelters) and QatarEnergy through Medgulf Construction Company WLL (EPIC for Security and Safety Improvements for QPD-Guardhouses).

Maha Al Jazeera Trading W.L.L. has carried out their tasks with our company with full cooperation and have conducted their operations with an outstanding approach.

Scope of Work:

- Structural (Metal Works) Support – UDC Bus Shelters
- Structural (Metal Works) Support – QatarEnergy (QPD) Guardhouses

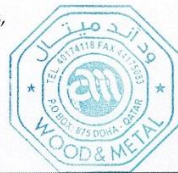

Maha Al Jazeera Trading W.L.L team discharged their services diligently supporting our company to achieve contract delivery time-frame goals as well as in upholding project safety regulations and procedures, thus avoiding any form of accident or harm throughout the work duration.

With reasonable prices and charges, **Maha Al Jazeera Trading W.L.L** personnel were cooperative and committed to our project program schedules and adequately resourced their products, hence we do strongly recommend **Maha Al Jazeeea W.L.L** for any related works by using **Casing Spacer** in Qatar.

This Letter of Appreciation is being issued upon the request of **M/s Maha Al Jazeera Trading W.L.L** for whatever purpose that may serve them without liability upon us.

Thank you & best regards,
For **Wood and Metal**;

Irfan S. Talkhani
