Article I-Name

The organization shall be called the Students for Sensible Drug Policy at University of California San Diego (herein referred to as "the organization" or "SSDP"). SSDP at University of California San Diego is an affiliate chapter of the global Students for Sensible Drug Policy organization.

Article II- Purpose

Students for Sensible Drug Policy is an international grassroots network of students who are concerned about the impact drug abuse has on our communities, but who also know that the War on Drugs is failing our generation and our society. SSDP mobilizes and empowers young people to participate in the political process, pushing for sensible policies to achieve a safer and more just future, while fighting back against counterproductive Drug War policies, particularly those that directly harm students and young people.

Students for Sensible Drug Policy does not condemn or encourage drug use: we respect the right of individuals to make choices for their own health and well-being.

Article III - Anti-Racism Statement

Students for Sensible Drug Policy is committed to anti-racism and non-discrimination in line with Article 2 of the [Universal Declaration of Human Rights](#). We condemn any drug policy reform proposal which is not explicitly led by, does not center, or is not otherwise approved by Black, Indigenous, and people of color (BIPOC) community leaders. We will expend all of our time and energy dismantling the systems of oppression that intersect with the War on Drugs. We will work with BIPOC community leaders and groups and offer our resources, financing, and support to their efforts. We take responsibility for the actions of the United States government in exporting their racist and destructive ideology across the world and commit to supporting marginalized groups everywhere who are combating the tyranny of the United States.

SSDP will not tolerate discrimination of any kind in our spaces. We commit to ensuring our spaces are safe and accessible for people regardless of race, color, descent, or national or ethnic origin.

Article V - Frequency of Meetings

Regular meetings will be held twice a month, on a day and time determined by membership availability. Any member or officer who does not attend a meeting or communicate that they won't be able to attend the meeting due to scheduling conflict will be considered for removal from the organization for reasons of lack of participation in the organization. Minutes will be taken by an organization officer via the organization Slack channel and will be made available to all members after the meeting. If public health guidelines preclude an in-person meeting, Zoom or another video conferencing platform will be used to facilitate remote meetings. Missing more than 3 regular meetings in a row is considered grounds to be removed from the organization (for board members only, not for members), but to re-apply, a former member removed for reasons of lack of participation may simply communicate their intention to become an active member again, and affirm that they intend to participate in the organization again.
