As of October 1st, 2020, our day reporting pricing will be as follows;

PBT: **\$5**

8 Panel Instant Urine Test (COC, AMP, M-AMP, THC, MDMA, OPI, OXY, BZO): **\$10**

12 Panel Instant Urine Test (All the above PLUS BAR, BUP, MTD, PCP): **\$20**

Lab Testing (Redwood Labs)

ETG: **\$30**

12 Panel Lab Test: **\$20**

Redwood Labs also has a multitude of additional testing that TRI-CAP has access to. If you have a specific situation or substance that you would like tested, we can offer that service. In addition, if you feel your client is under the influence of something but feel it is not on the standard testing list, a comprehensive screen can be done to identify the substance. They can also test for synthetic and designer stimulants.

If you have any additional questions, please feel free to contact me.

Thank you
