or would like to obtain a
membership application
please contact:

Dan Connor 724-833-3892

Max Loughman 724-344-9693

Dan Smith 724-447-2721

The Greene County Flying Club is honored to have
been awarded the status of Private Non Profit, Tax
Exempt 501(c)(3) from the Internal Revenue Service.

OUR MISSION:

**To provide access to safe and
affordable flight and flight
instruction to club members and
to promote and support aviation
in all forms including drones,
electric aircraft, ultra-lights and
alternative airborne vehicles.**

**We offer an extremely
affordable annual or quarterly
commitment, both which
include the option for monthly
payments. Additionally, we
offer a family discount for
members that reside in the
same household.**

**Have you ever dreamt
of becoming a pilot?**

**The Greene County
Flying Club is currently
welcoming new club
members who would
love to learn to fly,
as well as those who
already have their
pilot certificates.
We currently have
3 unique aircraft
and several highly
qualified instructors
to choose from.**

GREENE COUNTY FLYING CLUB

FLEET

TAYLORCRAFT F22A – A 1991 two passenger, with side by side seating and state of the art avionics and communication systems. This perfect trainer is one of only six airplanes built by Taylorcraft in 1991. This aircraft has a tricycle landing gear, which is an exception to the more commonly known Taylorcraft tail dragger. It has seen minimal use and has very low hours.

CHEROKEE 180 – A 1973 four passenger aircraft with a G430 GPS, capable of instrument flight instruction. This is the work horse of our fleet, as well as an enjoyable everyday ride. The interior is spotless and very comfortable. It also has a four place intercom so everyone can chat.

ERCOUPE 415-D – A 1946 two passenger, with side by side seating. It has a steering wheel and no rudder pedals, reported to be the easiest airplane to learn to fly. A very fun and unique airplane that is sought after due to its safe flight characteristics as well as its clamshell canopy, which permits open window flight on those hot summer days.
